Inaugural Recess Fails to
Produce Any Effect
On Situation

LEWIS' VOTE 20 SHORT

Colonel Receives 80 on Long
Term Ballot—Sherman
Polls Seventy-Seven

KELLER FAILS TO MAKE MOVE

SPRINGFIELD, MARCH 12.—The long inaugural adjournment of the Illinois legislature and the incidental journeying of many Democratic leaders to Washington failed to produce any appreciable effect on the senatorial situation. Balloting was resumed in joint session at noon today with the double deadlock holding as tight and fast as when the inaugural adjournment was taken on February 27th.

On today's long term ballot, Colonel Lewis received 82 votes which was 15 short of his party's strength. Lawrence Y. Sherman received 77 votes which is greater by two than the full Republican strength. Colonel Lewis' vote was just 20 short of the constitutional number necessary to an election.

Keller fails to make move. Senator Keller failed to make his promised move for change in the journal record of the eighth long term ballot but contented himself with notifying the joint assembly that whatever vote shall be taken on this day or any other day without the election of Colonel Lewis will be nugatory and without effect.

Jeers, hisses and cat calls greeted Senator Keller's announcement which the Republicans declare was merely for the purpose of lying further ground work for a contest in the event that some one other than Colonel Lewis is elected to the long term.

Seventeen senators joined with Senator Keller in presenting a protest to the senate against the approval of the senate journal.

One Ballot on Each Term. When Speaker McKinley called the joint session to order he recognized Representative Shanahan the Republican floor leader, who moved that but one ballot be taken today on each term. The motion was declared carried upon a viva voce vote.

Before the senatorial balloting was begun the secretary of the senate and the clerk of the house were ordered to call the rolls of the two houses to ascertain if a quorum of each was present.

The story of the ninth ballot, long term, and the eighth ballot, short term, is contained in the following summary of the vote:

Ninth Long Term Ballot.

The ninth joint ballot of the long term United States senatorship, resulted in no choice, and was as follows:

Candidate.	House	Senate	Total
Sherman, R.	53	24	77
Lewis, D.	62	20	82
Funk, P.	29	1	30
John A. King, D.	3	1	4
R. Robinson, P.	1	0	1
Berlyn, S.	4	0	4
Present and voting	189		
Present and voting	1	1	2
Absent	8	4	12

Eighth Short Term Ballot.

The eighth joint ballot of the short term United States senatorship resulted in "no choice" and was as follows:

Candidate.	House	Senate	Total
Boeschstein, D.	24	7	31
Sherman, R.	26	5	31
Funk, P.	35	11	46
McDonald, S.	4	0	4
Harry Woods, D.	7	9	16
Carl Vrooman, D.	8	2	10
H. S. Magill, R.	5	6	11
John Campion, D.	11	2	13

The remainder of the 189 votes cast were scattered among nine other persons.

One of the bills introduced in the house today provides for creation of a state park in Madison county to be known as the Cahokia "Mound Build" Park and appropriates \$250,000 for purchase of 200 more or less acres of ground.

A state tuberculosis sanitarium is provided for in two bills introduced in the house. One appropriates \$400,000 for the establishment of such an institution and the other authorizes the purchase of a sixty acre site for the sanitarium.

Will Retain Seat.

Senator Martin B. Bailey's title to his seat as senator from the twenty-second district practically was clinched this afternoon when the senate committee on elections by an unanimous vote decided to recommend that Senator Bailey is entitled to his seat and that the contest against him be dismissed.

The contest brought by William M. Bines, Democrat was based almost solely on the contention that

GAMBLER CALLS NEW YORK POLICE VULTURES

TELLS WHITMAN ASSESSMENTS
FORCED HIM TO GO

Hermann Michaels, Once Known as
"King of Gamblers" in Harlem,
Describes Actions of Police to
Grand Jury.

NEW YORK, MARCH 12.—Members of the police system assessed Hermann Michaels, once known as the "King of Gamblers" in Harlem, to the point where he had to give up his pool rooms. Michaels told District Attorney Whitman today. Michaels then went before the grand jury to add his story to the evidence that is being used as basis for indictments of police officials and others, including Mr. Whitman expects, several politician backers of the "system."

"Following the murder of Herman Rosenthal, the gambler, the police became vultures," Michaels told the prosecutor, contradicting the popular impression that grafting was less practiced after that crime. This informant, disclosing how he paid first \$50 monthly and then \$150, described how three police officials, inspectors at various times in the district where Michaels ran his resorts, called at his establishments, watched the gambling going on, and allowed him to operate unmolested as long as he paid tribute to their collectors.

"They have taken all my money," Michaels said, explaining why he has now turned informer, "and I do not intend to go to jail for perjury just to shield them."

Mr. Whitman declared today that he has obtained verified figures showing that \$150,000 was annually paid the police by keepers of gambling and disorderly resorts in Harlem alone for immunity from interference.

OVERRULES DEMURRER TO "COASTER BRAKE TRUST" INDICTMENTS

Judge Hazel, in United States Court,
Holds That Defendants Must
Stand Trial.

Buffalo, N. Y., March 12.—The alleged coaster brake trust must stand trial on charges of violating the Sherman anti-trust law, Judge John R. Hazel in the United States court today overruling demurrers to indictments obtained by John Lord O'Bryan, United States district attorney a year ago. The indictments charge eighteen individuals and six corporations comprising the New Departure Manufacturing company, the alleged trust with conspiracy to restrain trade, the establishment of non-competitive prices, the killing off of competition and an attempt to monopolize the entire trade in bicycle and motorcycle coaster brakes.

The case is different from any prosecution yet started by the government under the Sherman act. It is charged that each of the six defendant companies owned its own patent under which it manufactured its own particular brake. It is further charged that to carry out the conspiracy the defendants agreed that one of their number should pretend to take out a master patent controlling the brakes made by all the parties and that each remaining defendant went through the process of taking a patent license from the alleged pretended controlling patented. Under cover of this alleged pretended patent license, it is charged the defendants fixed a non-competitive system of prices and by joint action blacklisted manufacturers and dealers to kill competition.

WILLING TO FORGIVE WIFE.

Chicago, March 12.—Rev. Mr. Clarkson, whose wife ran away with the "gentleman burglar" arrested in California, tonight declared that if his wife desired to return to him and their children he would take her back and forget her erring ways. "It is not for me to sit in judgment on my wife, nor to say that she has committed an unforgivable sin," he said. "Of course I cannot go out into the highways and byways seeking my wife, but if she would come to me and say that she wished a reconciliation and would be a good wife to me and a good mother to her children there would be only one course open for me."

"My mission in life is the preaching of Christian forbearance and charity and I should be unfit to teach these were I unwilling to apply them to my own life."

The pastor resents the statement of Conn that Mrs. Clarkson had urged him to steal or that she had profited by his burglaries.

DUNNE ISSUES REQUESTION.

Springfield, Ill., March 12.—Governor Dunne today issued a petition for a requisition on the governor of Missouri for the return to Belleville, St. Clair county of Freedland Bettis and Joseph David, Alias Pistol, who are wanted on a charge of robbery and larceny. The two are under arrest in St. Louis. They are charged with having stolen \$500 from Fannie Mayweather, of Belleville.

OFFICE SEEKERS

Washington, March 12.—Office seekers have pressed Attorney General McReynolds to the point where he has been obliged to order the department of justice closed to all visitors at 4:30 p. m., senators and rep-

WILSON NOT TO PLAN SESSION PROGRAM

Will Meet Developments
of Extra Session as
They Arise

TALKS WITH UNDERWOOD

President Advised as to Status
of Tariff Bills Being Pre-
pared by Committee

OTHER WASHINGTON DOINGS

WASHINGTON, MARCH 12.—President Wilson has decided upon a policy of meeting legislative developments as they arise rather than planning a program for the extraordinary session of congress. This, it was learned from white house callers today, will be the president's answer to those who are urging that currency legislation Philippine independence, Alaskan questions, Alaskan questions, and other subjects, be taken up during the session of the new congress. The president was advised by Representative Oscar Underwood the Democratic majority leader as to status of the tariff bills being prepared by the ways and means committee. He learned that the committee was making rapid progress but that it might be ready on April 1st, the date originally fixed for the opening of the new congress. Mr. Underwood thought at least a week more should be given to preparations and as it was on Mr. Underwood's advice that Mr. Wilson moved upon April 1st, there is no doubt that he will name a later date when issuing his proclamation.

Underwood Tariff Only Advocate.

Representative Underwood has been of the belief that tariff reform alone should be attempted at the coming session. As he left the white house, Representative Jones of Virginia who is championing the cause of Philippine independence met him and sought to impress upon him the necessity for some action on that question during the extra session. Mr. Jones said he had an appointment with the president for Friday when he will urge the Philippine legislation. The net result of pressure for action on subjects other than tariff has been the adoption of a policy of meeting the legislative situation as it unfolds in the new congress. The president will send first a message pointing out the necessary for tariff revision and will follow with a series of messages upon specific things which he believes congress may be able to act upon without unnecessarily prolonging the session. This course is said to have been approved at today's cabinet meeting. The suggestion that only tariff revision be attempted at the coming session arose from the fear that other subjects might becloud the tariff question and interfere with its assurances have been coming, however, from various quarters principally the senate that the anticipated difficulty with the tariff may not materialize after all.

Receives Many Callers.

The re-organization of the senate with control of the committees in the hands of senators in close sympathy with the administration is said to be one of the circumstances from which the conclusion has been drawn that the tariff as well as other questions may be disposed of without great difficulty. It was a day of many callers for the president and while most of them were members of congress being consulted about patronage questions, some talked legislative policies and others came to see the president. Among these was "Uncle Joe" Cannon former speaker of the house, who said good bye to the president before departing to his home in Danville Ill.

With his cigar conspicuously displayed in the manner familiar to official Washington the former speaker stood on the steps of the executive offices, talking to the correspondents who had asked him the purpose of his visit.

"I am to say good bye to the president and wish him well," he said. "He's my president as well as everybody's, you know."

The president, after a brief stroll through the parkways, returned to the white house at 5 o'clock where he met the diplomatic corps and their wives at tea.

Finish Iron and Steel Schedule.

The Democratic task of preparing for tariff revision advanced another stage today when the majority of the house ways and means committee put the finishing touches on the iron and steel schedule after having previously disposed of the two preceding schedules "A" and "B", chemical schedule "C" and earthenware.

The members of the committee say rates written into the schedules are only tentative.

It was learned today that the extent to which the house committees will be named at the outset of the extra session of congress will depend mainly on the recommendation of the president as to the scope of legislation. The actual needs of the government will be taken care of by steps to put through the sundry civil and Indian appropriation bills which failed last week but the appointment of

DEADLOCK DELAYS STATE APPOINTMENTS

DUNNE TO HOLD ANNOUNCEMENT
UNTIL TOGA QUESTION SETTLED

Generally Conceded That Decision
Will Have Marked Effect on Sena-
torial Situation—Governor to Visit
Nebraska.

SPRINGFIELD, ILL., MARCH 12.—Governor Dunne announced this afternoon that he will not make or announce state appointments until after the state legislature has settled the senatorial situation. The announcement came after the governor had been busy with callers, many of them on patronage bent, than almost any day since his inauguration.

The governor's decision, which came as a surprise it is generally conceded will have a marked effect upon the senatorial situation.

Before making the announcement relative to his patronage plans, the governor ventured the prediction that the double deadlock will be broken soon.

The governor was not in a position to state whether Secretary of State W. J. Bryan will be able to accept the joint invitation of the general assembly to speak to the joint session here March 18. Governor Dunne however has accepted an invitation to go with Bryan to Lincoln, Neb., where on March 19th, the citizens of Lincoln will give the banquet for their townsman.

A moment looking to the purchase by the state of the old home of General John A. Logan, at Benton, in Franklin county, was started in the house today by Representative King.

Under a resolution which he had offered, Speaker McKinley named a committee, composed of Messrs. King, Crawford, Kirkpatrick, Chas. Curren, J. E. Harris and Etherton, to ascertain the ownership of the Logan homestead with a view to purchasing the same in the name of the state for its preservation and protection.

SUFFRAGETTE MEETINGS

ARE BROKEN UP BY CROWDS

Opponents of Cause Drive Women
From Platform and Police Are
Called Out to Restore Order.

London, March 12.—Two suffragette meetings tonight, one at Edinbridge, Kent, and the other at Radlett, Herefordshire, were broken up by opponents of the cause. At Edinbridge the wall behind the platform was bespattered by a fusillade of eggs. The platform was stormed and the police were called out to restore order.

At Radlett the din of the shouting, singing and ringing of bells was maintained for nearly an hour and hardly a word of the speeches could be heard. The government has served a writ on Frederick Petheick Lawrence, joint editor, with his wife, of the publication of Votes for Women, for the recovery of 608 pounds, \$3,045, the unpaid balance of the costs in the conspiracy at Old Bailey last year.

The suffragettes believe the government has taken this action to pay blackmail and prosecution being made against other suffragette officers.

WOMAN PLEADS GUILTY TO CHARGE OF ILLEGAL USE OF MAILS

Operated Matrimonial Scheme by
Mail in Seven Iowa and Illinois
Towns.

Council Bluffs, Ia., March 12.—Mrs. Florence Gamble, of Boone, Ia., who was indicted by a federal grand jury for the misuse of the mails, pleaded guilty here today before District Judge Smith McPherson. Sentence was deferred until tomorrow.

Mrs. Gamble operated a matrimonial scheme by mail. She secured the names of possible clients from the daily papers and wrote them, advising them that she was about to inherit a fortune, which would be their's if they advanced the necessary railway fare. In this manner she secured sums ranging from \$25 up.

Until apprehended by the postal authorities she operated, it is said, in Cedar Rapids, Luther and Des Moines, Ia., also in Quincy and Bloomington, Ill., for the past two years.

TESTS OF MECHANISM

ARE SATISFACTORY.

Paris, March 12.—The minister of war, who has been studying the tests of the mechanism invented by Major Mandrin by which an ordinary 7.5 field gun may be transformed into a howitzer, announces that the results have been so favorable that it will be possible at an early date to discontinue the manufacture of field howitzers. By this means an economy of \$16,000,000 will be effected.

ORGANIZE NEW BANK.

Springfield, Ill., March 12.—The First State Bank of Riverdale, Cook county was organized today when a charter to do business was issued by state Auditor Brady. The capital stock is \$25,000. The incorporators are David Wiedemann, Willis Flagg, Willis D. Rogers, Paul A. Dratz, Frederick DeYoung Edwin S. Gamble and Frank G. Hoxland.

AMERICANS IN PANAMA.

Panama, March 12.—A party of sixty from the United States arrived at the isthmus today to inspect the canal. The party includes twelve congressmen, Lieutenant General W. B. Young, U. S. A., retired and mem-

REBELS DEMAND TOWN'S SURRENDER

Have Surrounded Nogales
and Will Begin Attack
on Federals Soon

FIRING NOT YET STARTED

Commander Has so Far Re-
fused to Surrender but Battle
Has not Commenced

REBELS TAKE AGUA PRIETA

NOGALES, TEX., MARCH 12.—Colonel Kosterlitzky commanding the 300 rurales police defending Nogales, Sonora, tonight deployed his men in small bands among the hills surrounding the town, while 1,000 constitutionalists were placed in easy march of the town.

The rebels demanded unconditional surrender of the town, but the federal commander refused.

T. D. Bowman, vice-consul at Nogales, visited the rebel general at sundown in an effort to prevent the threatened battle. That his efforts were successful in a measure is believed by the fact that though General Obregon had announced he would "dine in Nogales tonight" no firing has been heard from either side.

Officials of this town have been promised by the rebel general that they will receive warning immediately beginning the attack on the town across the street which is the international boundary. Though no such warning has been received troopers from the fifth cavalry under Captain Smith tonight are clearing the streets and suggest that all persons stay within doors.

Col. Kosterlitzky tonight received word that federal General Ojeda who today evacuated Agua Prieta with approximately 500 men, is marching to his relief. The news greatly cheered the federal commander and caused him to reiterate his refusal of capitulation.

Take Agua Prieta.

Douglas, Ariz., March 12.—Nearly one hundred constitutionalist sympathizers from this side late this afternoon crossed to Agua Prieta and took peaceful possession of the town. Later they were joined by some six hundred state troops under Prefect Bracamonte, who established order and at once set up a provisional municipal government.

Late this afternoon 24 of the guards left by General Ojeda deserted to the rebel standard and the six who refused to join the constitutionalists were ejected from the town. Unarmed men from Douglas crossed the border tonight and reinforced the rebel garrison. The new arrivals found 18,000 rounds of ammunition, some rifles and camp supplies left by the federals in their haste.

Tonight those in control of the border town and port are celebrating the bloodless victory.

Troops Are Ready.

Tucson, Ariz., March 12.—Ready to rush to Nogales, Arizona in event of fighting in the Mexican town opposite a troops train is being held under steady guard at Fort Huachuca, a few miles north of the border.

Makes Forced March.

Douglas, Ariz., March 12.—Col. N. M. Diquez with 500 state troops is making a forced march to a point 20 miles south of Naco to intercept Ojeda with the federal force which today evacuated Agua Prieta. The state troops left their camp 20 miles south of Agua Prieta at noon.

Are Reconciling.

Mexico City, March 12.—Surrounded by government troops Venustiano Carranza the rebel governor of Coahuila who refused to recognize the Huerta administration and initiated what appeared to be a formidable revolt is suing for peace according to official reports. Carranza is said to have 2,000 men. Manuel Garza Aldape, named is minister of agriculture, who was sent north by the government to effect a reconciliation has telegraphed to President Huerta asking for a pardon for the rebellious governor.

Alberto Guajardo, commander of the rurales who joined the Carranza movement is officially reported to have surrendered.

Moves Toward Nogales.

Douglas, Ariz., March 12.—In three divisions riding dismounted army horses and hauling three machine guns the federals marched slowly toward the Naco mountains on a supposedly perilous trip to Nogales. The move was viewed by a reinforced United States patrol.

Ojeda left a guard of 30 armed men at the garrison under Col. Jesus Montana, who immediately after the departure applied at the American customs house for permission to leave his arms and ammunition in case he was attacked and for admission of his men to the United States. Permission was granted with the provision that the supplies could not be recovered unless by permission of the president of the United States.

Ojeda expected to go to Nogales via Naco and Cananea. At Naco 100 federal troops are ready to

REPUBLICAN CAUCUS ADOPTS RESOLUTION

WILL ATTEMPT TO FORM PROGRESS-
IVE REPUBLICAN COMBINATION

Republicans Will Vote For Funk for
Short Term if Progressives Will
Vote For Sherman For Long
Term Senatorship.

SPRINGFIELD, ILL., MARCH 12.—With 71 of the 75 Republican members of the forty-eighth general assembly present, and without a dissenting vote, Republican senators and representatives in a joint conference which adjourned at midnight adopted a resolution pledging themselves to vote for Funk for the short term, provided the Progressives agree to vote for Sherman for the long term.

The resolution will be delivered in person to Progressives tomorrow morning by Senator Hurlburt as chairman of the senate steering committee and Representative Shanahan as chairman of the house steering committee.

The preamble recites the failure of the legislature so far to elect senators and that the imperative duty of members of the general assembly regardless of party affiliations is to take prompt action to fill the vacancies. The resolution follows:

"Be it resolved, by the joint conference of that Republican senators and representatives of the forty-eighth general assembly, That we hereby pledge ourselves to vote for the nominee of the progressive caucus, Frank H. Funk, for United States senator, term ending March 4, 1915, provided a number of Progressive members of the forty-eighth general assembly sufficient to elect in such case will unite upon the vote for the primary nominee of the Republican party, Lawrence Y. Sherman, for United States senator for the term ending March 4, 1919."

It is stated that if the overtures of the Republicans are not acceptable to the Progressives another joint conference of the Republicans will be called for the purpose of making overtures to the Democrats.

Though the joint conference was held behind carefully guarded doors, news of what was going on inside leaked out from time to time. According to this information considerable trouble was experienced in lining up a half dozen members who bitterly opposed any further effort looking to a Republican-Progressive combination.

While the Republican joint conference was in progress at the state house, the Progressives held a conference at the Leland hotel. Six Progressives are reported to have declined to participate in any bipartisan combination for the election of a senator. It is claimed that 19 of the 27 Progressives have signed up to vote for Sherman and Funk. Some of them are charging that unless the eight who are holding out against the Sherman-Funk alliance abide by the unit rule and permit themselves to be guided by the majority that they will conduct primaries by voting for Sherman and Lewis. Others of the eighteen or more Funk supporters assert that unless the eight who are holding out consent to support the party nominee that they will read out of the Progressive party. The Progressives will hold another conference tomorrow morning.

WILL INVESTIGATE CAUSE OF SEA-FIGHTER'S DEATH

Body of Rear-Admiral Eaton Is
Buried Without Any Naval Ceremonies.

Norwell, Mass., March 12.—The body of Rear-Admiral Joseph Giles Eaton, one of the heroes of the Battle of Santiago, who died at his home here, was buried today with an entire lack of naval ceremonial while state detectives and co-officers were engaged in an investigation of his death. The reason for the investigation has not been made known.

At the time of the admiral's death his illness was said to be acute indigestion. No other statement regarding the cause has been given out since, and nothing could be learned tonight as to the result of the autopsy.

Rear-admiral Eaton's second wife and step-daughter who were at his death were the chief mourners at his burial in the town of Dracut, where the sea-fighter's body was laid to day besides that of his first wife. There was no naval honors and a few newspapermen were the only spectators aside from the members of the family. The dead man's stomach has been sent to Prof. Whitney of Harvard College for analysis and a report is expected tomorrow according to Chief Walter P. Osborne of the local police.

AGREES TO MEET WELSH.

New York, March 12.—Packer McFarland of Chicago agreed to day to meet Freddie Welch, the English lightweight champion, at the Olympia, London providing he received a guarantee of \$10,000 and \$500 expenses, the bout to take place on a date to be named by himself. This was the outcome of a cable received by Billy Gibson, his representative from George McDonald of London, offering McFarland \$7,500 and \$500 expenses.

RALEIGH MCKENZIE'S ES.

Fargo, N. D., March 12.—Ralph McKenzie formerly a well known newspaper editorial writer of Duluth and St. Paul died here today.

WOMEN BLAME MEN FOR THEIR DOWNFALL

Vice Commission Receives
Letters from Inmates of
Under-World

MOCKS INVESTIGATION

One Calls Men "Bunch of Hypo-
crites Afraid to Learn
the Truth"

TO HOLD MEETING FRIDAY

CHICAGO, MARCH 12.—Reforms and the unreformed—the senatorial vice investigation commission and the women for whose moral downfall the commission is trying to determine the causes—differed today on the relation between low measures and low morality. Letters received by the commission from women of the underworld mocked at the work which the members are doing. One of these letters declared:

"Girls don't go wrong because they need clothes. They go wrong because they are tempted by lies and overpowered by the evil in men."

Got Along on \$8. The writer said she worked in a store for \$8 per week and got along well until she met men who induced her to go with them.

"I thought all a girl had to do to remain good was to be truthful with herself. God pity women who think that and who keep their trust in men until it is too late," she wrote.

Another woman of the underworld wrote: "You're looking for the things that made such women as I. Low wages! Dance halls! Hunger! Cold! They all helped a bit, but they didn't turn the trick themselves. You're all a bunch of hypocrites afraid to look the thing in the face and afraid to learn the truth."

Blames Men For Downfall.

"I don't know any girls who sold themselves for money to buy bread or clothes. But I do know lots of us who hit the road for hell because of a lot of blackguards kept hounding them with their rotten 'attentions.' God help the men and not us. We're all right when we start. All we need is to be left alone. There are hundreds and hundreds of kids and sports who hang around State street and wait like wolves for the tired girls to leave the store."

"Why don't you make the men be good? All the wages in the world won't help us. Make the men good and the girls will be good. Now they haven't got a chance and they never will as long as the law smiles at one and spits at another."

A mass meeting for the discussion of a "living wage and a Saturday half holiday" is scheduled by the Juvenile Protection association, the Consumers' League and the Women's Trade Union for next Friday night. Several resignations were tendered today by girl employees in a number of stores as a result of parental advice. Other young women made a demand for larger salaries and were assured that they would be taken care of as soon as something definite has been agreed upon.

Investigation in Massachusetts.

Boston, March 12.—Governor Foss today addressed a letter to Lieutenant Governor O'Hara of Illinois, replying to a suggestion that other states create white slave investigation commissions similar to that in Illinois. The letter said: "A resolve has already passed the senate of Massachusetts and is now pending in the house of representatives to provide for an investigation of the white slave traffic, so-called, which, if enacted, will authorize the governor and council to appoint a commission of five persons with ample authority for the purpose."

"I have no doubt this commission will co-operate as fully as possible with your commissioners in a joint effort to eradicate this form of vice."

FIREBUG ADJUDGED INSANE.

Janesville, Wis., March 12.—Percy Merrill, who had confessed setting fire to a number of buildings here recently, was today adjudged insane and ordered placed in an asylum.

WEATHER INDICATIONS AND TEMPERATURES.

Washington, March 12.—For Illinois—Rain Thursday; Friday unsettled with probably rain and colder by night; brisk south to southeast winds becoming variable.

TOGA DEADLOCK REMAINS UNBROKEN

(Continued from page one)

inmates of the national soldiers home at Danville are not entitled to vote.

Plans are being prepared for a conference of governors of Michigan, Iowa, Missouri, Kentucky, Wisconsin and Indiana on the suppression of vice and the formulation of uniform laws on the employment of girls and a minimum wage scale for women.

Announcement was made today that the senate vice-committee will start on its eastern trip on Thursday of next week. The itinerary already includes the city of Albany, N. Y., Pittsburgh, Philadelphia and Baltimore from which point the party will proceed to Washington, where they expect to lay the matter before President Wilson, Speaker Champ Clark, Vice President Marshall and other high officials, with the hope of securing national recognition of their crusade, and early action by congress on points of legislation desired by the committee.

Will Present Canal Bills.

Bills will be introduced in the house and senate tomorrow carrying an appropriation of \$1,000,000 with which to rehabilitate the Illinois and Michigan canal and place it in navigable condition. The amount which the canal commissioners are asking is based on the estimates made by the federal engineers after a study of the canal from Joliet to LaSalle. It is proposed to enlarge the locks of the canal so as to make them similar in size to those of the Hennepin canal so that boats and barges may pass from one to the other without difficulty and to dredge it so that an average depth of six feet of water will be maintained.

Bills Introduced.

Bills were introduced in the senate today as follows:

S. B. 197, (Hearn)—Amending the criminal code by providing that a court in which a criminal trial is in progress may continue until a verdict is rendered and judgment rendered, notwithstanding the time may extend into and overlap a succeeding term of court. Bill contains emergency clause and was advanced to second reading without committee reference.

S. B. 198, (Hearn)—Revises the criminal law by providing that where two or more indictments grow out of the same transaction, and the defendant is not admitted to bail, he shall not be entitled to trial upon indictment within four months from date of commitment, but may be tried on one indictment at each succeeding court term. Judiciary.

S. B. 199, (Hearn)—Creates a commission consisting of the adjutant general, division commander and regimental commander of the organizations for which each armory is to be erected, the respective commissions to select sites for arsenals for the first cavalry at Chicago, the fourth infantry at Paris, the sixth infantry at Galesburg, the artillery and fifth infantry at Danville and the sixth infantry and naval reserves at Moline. Appropriations.

S. B. 200, (Hearn)—Appropriates money for state arsenals as follows: Second infantry, Chicago, \$150,000; Quincy, \$35,000; Aurora, \$15,000; eighth infantry, Chicago, \$75,000. Appropriations.

S. B. 202, (Hearn) — Appropriates \$12,000 for the care, repair and preservation and maintenance of the I. N. G. and the naval reserves. Appropriations.

S. B. 203, (Wange)—Increasing the rate of inheritance taxes. Judiciary.

S. B. 204, (Forst)—Putting municipal court employees under civil service. Civil service.

S. B. 205, (Forst)—Allowing reasonable attorney's fees in all civil suits. Judicial department and practice.

S. B. 206, (Forst) Adding a penalty for failure to comply with the act passed two years ago providing for the re-incorporation of companies whose charters have expired. Judicial Department and Practice.

S. B. 207, (Carroll) Providing that no day employee of a city of over 100,000 inhabitants shall work longer than 10 hours and no night employee longer than fourteen hours, except in emergencies when the chief of a department may require longer service temporarily. Judiciary Department and Practice.

S. B. 208, (Conrwell) The new marriage bill advocated by the National Organization on Marriage and Divorce, of which Judge Kavanaugh of Chicago is an active spirit. Provides that at least fifteen days before a marriage license is issued, affidavits must be filed with the county clerk, setting out the usual data required of applicants. Judiciary Department and Practice.

S. B. 209, (Conrwell). Fixing a fine of from \$10 to \$100 or a jail sentence, or both, for trespassing upon the right of way of a railroad. Railroads.

S. B. 210, (Ettelson). Providing that after a juror's name is drawn he may arrange with court for service at his convenience, when he can best serve with the least loss and embarrassment, and when he has once served he shall be excused from further service until every available citizen has served. Measure is backed by the Industrial Club of the city of Chicago. Judiciary.

S. B. 211, (Harris). Chicago charter bill defining the duties of the city council and providing for the different city departments and redistricting the city into wards. Chicago Charter.

S. B. 212, (Johnson). Appropriating \$35,000 for an I. N. G. armory at Ottawa. Appropriations.

S. B. 213, (Juul). Enabling cities of between 1,000 and 100,000 inhabitants to increase their school tax levy from 1 to 2 per cent. Asked by Oak Park. Education.

S. B. 214, (Juul). Amending the revenue law by providing that the funds for a sinking fund for the pay-

ment of bonds and interest on bonds shall be raised independently of the amount of taxes levied in the scaling down process of taxation under the Juul law. Measure is designed to remedy the defect of a supreme court decision which held that under the existing law the amount raised for bonded indebtedness must be included in the regular scaling down process. Judiciary.

S. B. 215, (Maclean). Placing employees of the Chicago Sanitary district under civil service. Civil service.

S. B. 216, (Manny). Re-enacts the old mechanic's lien law, recently declared unconstitutional by the supreme court, with the court's objections removed. Judiciary.

S. B. 217, (Manny). Requiring that all motor tires shall be stamped with the date of their manufacture and the date of their repair and whether they are new or second hand. Parks and boulevards.

S. B. 218, (O'Connor). Providing for the creation of wage loan corporations in cities over 250,000 population, to make loans on assignments of wages. Not more than \$250 shall be loaned to one person and not more than 3 per cent per month interest shall be charged. Judiciary.

S. B. 219, (O'Connor) (by request). Appropriating \$95,000 for a deficiency in the printing, binding and stationery contracts awarded by the state commission of contracts. Appropriations.

S. B. 220, (Barr). Providing that county boards may appoint assistants to probate judges. Judiciary.

S. B. 221, (Barr). Fixing the salaries of probate judges in counties between 70,000 and 250,000 at \$4,800 per annum and in counties of over 250,000 at \$10,000 per annum. Fees and salaries.

S. B. 222, (Juul). Appropriating \$50,000 for purchase of a site, drawing of plans and the establishment of a colony for the blind in Cook county. A committee of women headed by Mrs. Doctor Hood, Mrs. D. A. Campbell and Mrs. Niels Juul are back of the bill and propose to raise the money to erect the necessary buildings if the state will furnish the ground. Appropriations.

Robinson Springs water should be used by all growing children. The analysis tells why.

RECOVER MUCH LOOT.

San Francisco, March 12.—Mrs. Owen D. Conn, companion of the "gentleman burglar," cashed a large quantity of loot before her recent disappearance, was the assertion of detectives today. They refused, however, to give details regarding the discovery of the storehouse of stolen jewelry, but said positively 50 per cent of the loot had been located and that the place was being watched in the hope of catching other members of the thieves' band. Hundreds of persons viewed the display of jewelry at the office of the property clerk in the city prison today. Thirteen persons recovered, by positive identifications, all or portions of their property. Mrs. Anna Farbridge, of Pasadena, from whose home jewelry valued at \$8,000 was taken, arrived here today and was rewarded for her journey by the recovery of a breast pin and two rings.

That 30c coffee is splendid, sold by Claus Tea Co.

REPORTS NO "FREEZE OUT."

Omaha, March 12.—Among the witnesses called today to testify for the defense in the government's merger suit against the International Harvester company was Harry L. Dempster of Beatrice, Neb., sales manager of the Dempster Mill Manufacturing company. Mr. Dempster's company he testified, was in direct competition with the International company in all farm implements excepting harvesting machinery, and had found no instance of an attempt to "freeze out" his line.

Mr. Dempster told the examiner that his business had increased in every line handled since it began business four years ago. It has had occasion to meet competition of the defendant in Iowa, Minnesota, Nebraska, Kansas and Missouri.

SARAH BARNHART

IN AUTO ACCIDENT.

Los Angeles, March 12.—Sarah Barnhardt, the noted French actress, suffered painful but probably not serious injuries in an automobile accident here tonight. She was on her way on Los Angeles from Venice from the evening performance at a local theatre when her automobile collided with a heavy truck.

The machine was wrecked and the actress suffered two wrenched ankles, a lacerated lip and bruises on the body. After receiving medical attention she insisted upon playing tonight, but her act was played last on the vaudeville so that she could regain her composure after the shock of the accident.

Robinson Springs water relieves nervousness and promotes sleep.

EVIDENCE IN HYDE CASE IN.

Kansas City, Mo., March 12.—All the evidence in the Hyde murder trial had been submitted at the conclusion of today's session of the court. Judge Porterfield announced that he would deliver his instructions to the jury tomorrow morning and that the arguments of counsel would then be heard. The attorneys on each side will be allowed four and one-half hours for argument.

ARRIVAL OF NEW GOODS DAILY AT HERMAN'S.

STRIKE SETTLEMENT NEAR.

New York, March 12.—Indications tonight were that the strike of nearly 15,000 workers in the misses and children's dress trade, which began last Monday would be settled tomorrow and the employees return to work by the latter part of this week. It is stated a majority of the strikers favor accepting the employers offer of increased wages and better working conditions.

Protect Your Health

If you are a suffer of any of the following general indications such as: habitual constipation, indigestion, dyspepsia, gouty or inflammatory rheumatism, skin eruptions, stomach troubles, liver spleen or kidney affections, you will find speedy relief in a natural mineral water. Kansas City, where he was called

by the death of his son's wife. He

was accompanied home by his son

Luther, who will visit here for a

few days before returning to Kansas

City, where he is employed in the

office of a civil engineer.

GRAND SPRING OPENINGS

ATTRACT MANY PEOPLE

Hundreds Visit the Various Millinery
and Suit Houses of the City on
Wednesday.

The spring fashion opening day was observed in Jacksonville yesterday and a more ideal day could not have been chosen for the occasion. More elaborate preparations had been made by the merchants and some of the most artistic displays ever seen in the city were viewed by the ladies. Many comments were passed upon the rich garments, gowns, coats and hats in the windows. The proprietors and clerks extended every courtesy to the visitors and a large amount of goods was sold on an opening day than heretofore.

Floeth's—For some time Mr. Floeth has been arranging his upstairs for the display of his millinery stock and yesterday the large number of ladies who visited this department were delighted with the many beautiful styles of hats and especially the celebrated Fiel hats, and many purchased there hats at once. He also had a fine display of stylish suits and dresses with special bargains.

H. J. and L. M. Smith—The Smith millinery house was filled all day with lovers of beautiful headwear and many expressions of praise were heard from the large line to select from. Each hat seemed stamped with individuality and from plainest to the most elaborate trimmed, the quality stands out.

Mrs. Stallings—"What a beautiful line of hats" was heard by a number who visited the millinery store of Mrs. Stallings on East State street. Some special touch was apparent in each hat and the distinctive styles and novel ideas carried out pleased the buyers greatly.

Waddell's Store—This store had one of the largest suit displays in the history of the establishment. Every model and cloth was represented of the very latest style and kind and nothing seemed lacking as to woman's wearing apparel. The window decoration at this store was really a work of art and the people who entered had some word of praise for it.

Mrs. J. M. Beerup—Many admirers of late handsome styles in millinery visited the parlors of Mrs. J. M. Beerup on East State street yesterday. Everything in the headwear line looked bright and attractive and nothing was lacking to suit the most fastidious. Mrs. Beerup is an artist when it comes to knowing just what hat fits the individual and her wide variety including the well known Gage hat makes a selection easy.

Hilber's—While the Hilberly store did not have an exhibition of a line of millinery there was some beautiful showings of all the latest in dress goods and trimmings and nothing in the way of spring goods, delightful to ladies, usually found in a dry goods store was lacking. The store also enjoyed a splendid trade, which attested the shrewdness of the buyers.

Carroll's Parlors—A wide variety of beautifully trimmed hats were shown at the Carroll Parlors on Rount street yesterday. Following out the idea that only the best is worth of especial effort the showing was of unusual attractiveness, a fine discrimination being observed in the colors and trimmings.

Harmon's—The Harmon store entered into the spirit of the spring opening and the window decorations were most attractive. There was a complete showing of imported wash materials, haberge voiles, bonnets, crepe voiles, white ratine, beaded white novelty voiles embroidered ratine, and colored figures. The various showings of silks and chiffons were new and superb.

Phelps and Osborne—Many ladies took advantage of the day to visit the suit department of this old establishment and noted the wonderful display of ready-to-wear garments. The department where all the new summer silks and dress goods are found a large number delighted with splendid assortment and beautiful patterns.

Montgomery and Deppes—The store which is about to move found many visitors viewing their artistic line of women's garments. The management always has the very best the markets affords and this year's showing is especially worthy of the attention of lovers of good goods and similar values.

L. C. and R. E. Henry—This firm caught the spirit of the millinery day and although no formal opening was held the parlors were visited by many attracted by the beautiful showings.

MINIMUM WAGE SCALE.
Olympia, Wash., March 12.—The senate minimum wage bill for women was passed by the lower house of the legislature to day and now requires only the governor's signature to make it a law.
The bill provides for the appointment by the governor of a commission which shall fix the minimum wage to be paid women workers after investigation of conditions to each industry affected. The minimum does not have to be the same in all lines of work and can be raised or lowered from time to time when the commission finds require a new minimum scale.

KILLED BY INTERURBAN.
Liberty, Mo., March 12.—E. A. Sharp, a wealthy retired farmer and former member of the state legislature was killed here to day when an interurban car struck the buggy in which he was riding. He was thrown twenty feet and killed instantly.

PASS RESOLUTION.
Lansing, Mich., March 12.—The Glassco resolution providing for a committee to investigate the social evil and the white slave traffic passed the house by unanimous vote this afternoon. The resolution will lay over for five days in the senate before consideration in that body.

THE ART OF CORRECT DRESS

Corsetry---a Modern Science

No. 1 in a series of talks on the Ways and Means of Attaining Correctness in Dress

Corseting has developed to such an extent with in the last few years it may now well be classed as a science. A perfect fitting corset imparts that chic, graceful appearance to the outer garment which characterizes a woman as being well groomed—and the ill-fitting corset necessarily the opposite. Those who are exacting in their dress requirements choose the corset first in the season's out-fit, and have all fitting done over this model. This is secret No. 1 in the art of correct dress—if you choose the right corset.

Makers of the American Lady Corset are noted for the exactness they have acquired in corseting. "A correct model for every figure" is their claim—which means "a perfect fitting outer garment for every wearer of American Lady Corsets". We have a complete line of this celebrated make and are awaiting an opportunity to demonstrate to you their many superior points. Begin the season right this year. Buy an American Lady Corset first—and read the articles on The Art of Correct Dress as they appear from time to time.

We want you to visit our store this week while down town viewing the many pro-Easter displays now on exhibition in the business district

Rayhill China Store

The Sangamon County Medical society adopted a resolution unanimously endorsing the proposed epileptic colony for this state. The growing horrors and hopelessness of this disease, and lack of medical relief, emphasizes the need of such an open air farm home for its treatment.

Wages of women may be fixed by statute, but the manner in which it may be put into effect is the problem.

Governor Dunne says he will welcome the presence of Chairman Coombs at Springfield believing that after he has investigated the situation at the seat of trouble, he will see that the only way is that already endorsed by Dunne, who says: "After conferring at great length with a great many members of the legislature of all political faiths, principally Democrats, I reached the conclusion that there was no way that the deadlock could be honorably ended except in the way that I suggested (the election of Lewis and Sherman) and I have seen no evidence since that time to change my belief."

William Lorimer, ex-United States senator, has endowed an institution in Chicago—The Lorimer Foundation for Rita's Laboratory for Tuberculosis, in connection with the Medical School of Loyola University. It is claimed that a Chicago physician has produced a serum which will cure the dread disease, and this institution, it is claimed, will enable him to prove his claim. The institution and its method of treatment will be open to the world. It is a pleasure to be able to record one of the good deeds of the blonde boss—for he has been charged with every crime in the (political) calendar.

The people of Kansas evidently are no more proud of their legislature than we of Illinois. But they are radicals, in every movement they go the whole length. Some good things have emanated from Kansas, movements that, as a rule, have been a little in advance of sentiment in other states. The latest is the abolition of their present legislative system with its two co-ordinate branches, and the substitution of a legislature of one body, to be composed of one representative from each of the 105 counties of the state. That would be an easy way of clipping the wings of the Cook county representatives in this state—they wear wings, of course, because all power rests in their hands. Another proposition does away with the legislature entirely, and substitutes a commission form of government, with power to enact only emergency measures, but with authority to propose all legislation and submit it to a vote of the people. The supporters of the two plans are endeavoring to have the matter submitted to the people of the state, through a constitutional amendment providing for one of the other of the two plans.

H. M. Pindle, of the Peoria Journal, is said to be a candidate for the position of comptroller of the currency. Mr. Pindle would grace the position all right, and as a newspaper man deserves all the good that can possibly come his way.

Temperance advocates are much elated over the report that the president and vice president and secretary of state have decided against the serving of wines at table, this being the first time such action has been taken since the days of Rutherford B. Hayes. Care will have to be taken in the naming of temperance drinks, however. Remember the troubles of Vice President Fairbanks over an oyster "cocktail."

Governor Dunne has notified trustees of the University of Illinois that an investigation will be ordered regarding the transfer of the Chicago College of Physicians and Surgeons to the state, to be used as a medical school. The trustees had intended asking an appropriation of \$100,000 by the legislature annually to pay its running expenses, but the governor's statement has blocked that item.

Judge Sherman is urging the immediate acceptance of his resignation of the chairmanship of the state board of administration, so that he can rest. It is rumored that Fred Kern, of Belleville, will be Sherman's successor.

President Wilson, after announcing that he would allow the heads of departments to select their own subordinates, has materially changed his policy. Now, while applications may be made to the chiefs, final decision will be reserved to the president himself. The mills grind slowly, but Democratic statesmen may yet bring Woodrow to the old, time honored custom of the past.

The statement is made that but for one remark Clarence Darrow would have been acquitted at his recent trial, instead of being forced to meet a third trial. The declaration made by Darrow was that although the bomb which destroyed the Los Angeles Times building killed twenty men, yet the McNamara brothers were not murderers, but workers in a great cause. Even if Darrow made this statement, how did that affect his guilt or innocence in the matter for which he was on trial?

Lieutenant Governor O'Hara favors the enforced granting of railroad passes to state officials, members of the legislature and judges of the courts. Does Mr. O'Hara also favor a law barring these officials from collecting mileage from the state when traveling on official business? or is this to be, in one sense, an increase of salary of those officials at the expense of the railroads. If there were fewer passes used by legislators there might be longer weekly sessions. Free transportation enables many to spend a great part of their time at home or on junking trips. Sessions of the legislature are prolonged—but during the closing days bills of all kinds are pushed through, uninvestigated and regardless of amounts or questions involved. Acceptance of such free transportation must necessarily place members under more or less obligation to the corporations extending such favors—and are probably issued for that reason. Many honest, honorable men dislike being placed in such a position. How many members of the present legislature pay their own railroad fare? As to judges and court officials, how can they in all cases deal justly in matters affecting the railways, when a forty dollar present from the company rests in their pocket.

ing the closing days bills of all kinds are pushed through, uninvestigated and regardless of amounts or questions involved. Acceptance of such free transportation must necessarily place members under more or less obligation to the corporations extending such favors—and are probably issued for that reason. Many honest, honorable men dislike being placed in such a position. How many members of the present legislature pay their own railroad fare? As to judges and court officials, how can they in all cases deal justly in matters affecting the railways, when a forty dollar present from the company rests in their pocket.

REBELS DEMAND TOWN'S SURRENDER

(Continued from Page One.)

evacuate, and join him at Cananea. 5000 will also evacuate.

This will leave every point in northern Sonora, except Nogales in the undisputed possession of the constitutionalists.

Orozco in Capital.

Mexico City, March 12.—Pascual Orozco, Jr., returned to the capital tonight and was greeted by the men who have been fighting him for a year.

Orozco has signed no agreement of peace, but it is expected that he will do so. With suspicion regarding negotiations with other than the principals he had entered into only partial terms with the commissioners sent north by the government.

The final conferences regarding a peace settlement between Orozco and the government will be held this week probably at the national palace. Most of Orozco's army will join the government forces, and it is regarded as not improbable that Orozco himself will be governor of Chihuahua.

Freed on Payment.

Douglas, Ariz., March 12.—On payment of a ransom of 10,000 pesos Carlos Soto and Pope Teran, rich mining men were freed late today at Ocotzuma where they have been held by bandits, posing as state troops.

Made Effort to Save Lives.

Mexico City, March 12.—Representatives of various religious denominations in a testimonial to the services of the American ambassador during the recent events in the capital declare that he put forth extraordinary efforts to save the lives of President Madero and Vice-President Pino Suarez and offered a home and place of refuge to several branches of their respective families.

The testimonial adds that the conduct of the Ambassador and Mrs. Wilson won the appreciation of American colony.

A copy of the testimonial has been sent to the president of the United States and Mexico.

DR. FRIEDMANN INOCULATED TEN.

Ottawa, Can., March 12.—Dr. Friedmann inoculated ten tuberculosis sufferers to day in the presence of leading Canadian physicians and members of the Canadian association for the prevention of tuberculosis. Silently and scarcely glancing at the spectators, he worked under an apparent nervous tension, which relaxed at the conclusion of each demonstration.

No criticism of Dr. Friedmann's technique was advanced by any one of the group of physicians present.

TELEPHONE OPERATORS WILL AID STRIKERS

Boston, March 12.—To render financial assistance to the garment workers, telephone operators in this city will go without their Easter bonnets and new suits this year. The Boston Telephone Operators' union, which has 2,200 members voted at a special meeting to dispense with all easier embellishments and give the money which would have been paid for new clothes to the strikers.

STOPS TO READ BIBLE; IS ARRESTED.

Iola, Kans., March 12.—Stopping in his flight to read a bible sent him by his mother led to day to the arrest of Edward Barnes, 25 years old on charges of robbing a railway station in Tracy, Iowa. Marshal Fredrickson, walking along a road, saw a man lying on his back in a hollow reading. The marshal arrested the man and found him to be Barnes. Barnes admitted serving a term in the Wyoming penitentiary for robbery.

KILLED BY EXPLOSION.

Huntington, W. Va., March 12.—Mrs. J. Alexander, aged 41 and her two children were killed to day when they were home at Grason, Ky., was destroyed by an explosion. The father, a miner, had left ten kegs of powder in the house to keep dry. One of the children took a handful of the explosive and scattered it on the floor from the kegs to a fireplace where it became ignited.

WILL AGREE TO SURRENDER.

London, March 12.—A Constantinople despatch to the Times says it is rumored that the leaders of the committee of Union and Progressive have notified the grand vizier that they are willing to agree to the surrender of Adrianople and to accept the Enos-Midia frontier, provided the garrison is permitted to march out with honors and the porte firmly resists the demand for indemnity.

TO INVESTIGATE CONDITIONS.

Jefferson City, Mo., March 12.—A senate committee to investigate thoroughly the conditions of working women and children in St. Louis and other large cities of Missouri will be created tomorrow, according to the plans of senate leaders announced tonight. The proposed action follows the appeal of Lieutenant O'Hara of Illinois.

AMENDMENT DEFEATED.

Lincoln, Neb., March 12.—By a vote of 45 in favor to 50 against the Nebraska house today defeated the proposed constitutional amendment permitting women to vote.

LEAVE OF ABSENCE

NOT GRANTED.
New York, March 12.—The privilege of maternity cannot be claimed by a New York public school teacher the board of education decided tonight in denying the application of Mrs. Katherine C. Edgell for a years leave of absence to become a mother. Her request for leave of absence was denied by a vote of 32 to 5. Of the latter two were women. Mrs. Edgell is an instructor in physical training at Erasmus Hall high school, Brooklyn. Her husband is a teacher of mathematics in the same school.

ANOTHER ITALIAN KILLED

Chicago, March 12.—The sawed off shotgun assassin made his appearance in an alley on the southwest side tonight and a few minutes later Nicholas Contoni, a youth fresh from Italy, lay slain in the street. Tony Pogore, his companion has been unable to furnish the police a clear explanation of the manner in which the killing took place. He is held but the police say they don't suspect him.

Madison, Wis., March 12.—The senate today concurred in a bill giving citizens of Iowa and Minnesota same rights as to fishing on the Wisconsin side of the Mississippi river as are given by the laws of those states to Wisconsin citizens.

Mrs. C. C. Carter and Mrs. S. P. Carter went to Camp Point yesterday to attend the funeral services of Capt. Robert Welsh.

BRILLIANT EASTER OPENING RECEPTION

GORGEOUS DISPLAY AT HERMAN'S VIEWED BY GREAT THROGS WEDNESDAY.

Showing of Ladies' and Misses' Ready to Wear Garments and Millinery Attracted Attention of Largest Attendance in History of the 47 Openings Given in Jacksonville By This Popular Firm.

It is a custom among representative business men each season to invite the public to witness displays of their respective goods for sale. Yesterday, the celebration of the forty-eighth opening at Herman's, presented a display of ladies', misses' and children's wearing apparel and millinery superior to any similar occasion of seasons past and equal to any attempted by the business houses of the metropolitan cities. It was thoroughly appreciated by the patrons of this reliable house who well know the value of honest merchandise and the inspiration of courteous welcome. These have furnished the key of success, which characterize without criticism of doubt the attainment of prosperity enjoyed so many years by Mr. and Mrs. Herman and gives the assurance of future increase of business. The show window displays were simply elegant and attracted unusual attention. The magnificent array of wearing apparel and millinery of exceptional merit is further convincing evidence of ability and gives prestige for further growth of business for Mr. Herman.

The entire interior of this palace of fashion was beautifully decorated with potted plants, flowers of every known conception furnished especially for the occasion by the Harry Hofmann Floral Co.

The most attractive electric and gas advantages were well in evidence, presenting a brilliancy of beauty such as mingled well together with the general display. A splendid musical program, furnished by Randall's orchestra from 9 a. m. to 9 p. m., was a pleasing feature, combined with the generous hospitality afforded all visitors.

The many pleasant sales ladies employed by this enterprising and prominent citizen is worthy of commendation, inasmuch as they enjoy the confidence of the public and in the discharge of their duties show an important interest in the welfare of both customer and proprietor. The privilege of the people of this community to be furnished with the advanced styles of ready to wear garments and millinery must surely be much appreciated and the extensive trade given Mr. Herman is surely a reward for his untiring efforts.

PUBLIC SALE.

The undersigned will sell at auction, one car load, more or less, of Jersey and Grade cows, ranging in age from 2 to 5 years, 30 per cent fresh at Ogle's livery barn on N. Main street, Jacksonville, Ill., on Saturday, March 8, rain or shine. Cox and Crum auctioneers. E. L. Clark.

QUICK RELIEF

FOR RHEUMATISM. George W. Koon, Lawton, Mich., says: "Dr. Detchon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, had to be lifted for two months. She began to use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast." Sold by L. P. Alcott, druggist.

DISCUSSION OF ALFALFA AND THE SOY BEANS

Practical Men Answer Many Questions on Subject—Alfalfa Fails Once in Forty Years.

In the ten-minute discussions and answers to questions from the audience at the State Farmers' Institute in Sterling, the question of soy beans was talked by Frank I. Mann of Iroquois county as follows: The permanent and everlasting problem is to keep enough nitrogen in the soil. The fundamental idea of the legume crop should be to get the nitrogen from the air. The legumes can live on the European hotel plan, room but no meals, so far as nitrogen is concerned. If they can get the minerals necessary from the soil they will get the nitrogen from the air and store it in the ground for the grain crops. Did you ever see a sweet clover plant grow any better than on a cinder bed? They do not need the same moisture that other plants do. That means that they can be grown thickly on the ground. I don't care how thick they are if they have the minerals to feed upon. The thicker the better for they will take more nitrogen from the air and put it in the soil.

Best Substitute For Clover. Soy beans are the best substitute for clover, but clover is the best legume in a rotation. Plant the beans thick if the ground is clear from weeds, but if it is weedy plant them thin and cultivate them. If you can handle the first start of the weeds plant them as thick as the drill will seed them. The only way to cultivate when drilled is with weeder. When they have to be cultivated plant them through every third hole of the drill. The only time I grow soy beans is as a substitute when some other crop has failed. If all the crop is taken off the main good is done in the barn lot.

Using Inoculated Dirt to Seed. The way to apply the inoculation is to mix one pound of glue with ten gallons of water and sprinkle the seed with it. Powder the inoculated dirt (taken from a soy bean patch having the bacteria) and mix it with the seed. When drying the dirt do not let it get in the sun, for it will kill the germs. When this method is used each seed will have some of the dirt on it.

After the crop is harvested turn the hogs on the field and they will clean up the few beans that are left. **Alfalfa Fails Once in Forty Years.** Fred Hatch of McHenry county says that 40 years of experience has taught him to sow the alfalfa in the spring. He says that one difference in the southern part of the state. The best success in the north is gotten by sowing in the spring with barley and cutting the barley as soon as possible. Mr. Hatch says that in his forty years experience only once has it frozen out during winter and that was last year. The reason for killing was laid to the ice and snow rather than the cold weather. He says that it is useless to sow alfalfa in wet ground for it will not stand.

A. P. Grout of Scott county says that alfalfa will grow in the spring in the middle of the state, but the weeds also grow and very often get the best of it. He says that one good way to sow is to plow in the spring and then cultivate every few weeks until the first of August. Then sow the seed. This method keeps down the weeds and conserves the moisture. Another plan is to plant a crop of wheat or oats and after harvesting it sow the alfalfa. If it is a dry season the first crop takes most of the moisture and it will be hard for the alfalfa to grow. He thinks that the first method is the best.

Curing the Hay. Mr. Grout says that he has no

more trouble in putting up alfalfa hay than he has with clover. The first crop comes on a little earlier and sometimes gets rained on and is a little bad color, but not enough to hurt it. Some feeders like the dull hay better than the bright. His methods are to mow the alfalfa in the morning after the dew has gone off. In the afternoon it is put in windrows with the side delivery rake. The next morning it is turned over and put in the mow. It does not lie in the field until it is dry and brittle. The morning it is turned, the turning is done while the moisture is still in it.

Mr. Grout says that the time to cut is when the shoots start from the crown. The reason for cutting at that time is that if the shoots get too big they are cut off and the next crop is set back.

Mr. Abbott's method of putting up the hay is very similar to the one told. Mr. Mason says that such a good crop is worth cutting and putting up in the best way.

Mr. Hatch's Methods. Mr. Hatch says that he has used the hay loaders but finds that a good many leaves are lost by using them. The hay is cut in the morning and is put in high thin cocks in the afternoon. He says that he would not risk turning it over and over again. His hay is as bright as the western hay.

Uses the Buck Rake. Mr. Abbott says that the common method of handling hay causes it to be handled a number of times and each time it is handled some leaves fall off. He names the times of handling as follows: Raking, cocking, putting on load, man on load, tramping, and tramping when in the mow. To overcome all this tramping he uses a buck rake and takes it directly to the barn where it is put in the loft by slings. In using this rake the only time it is stirred is in the mow. He says that where it can be used it is the easiest and most economical way. He says that he has not heard any bad results of tramping out the stand near the gate where the rake goes in and out so much.

Question of Cultivating. J. P. Mason goes over his alfalfa field every year after the first year with the pulverizer. Mr. Grout says to shut your eyes and die it good every year after the first year. Mr. Hatch disks his both ways. The idea is to split the roots so that it will thicken up.

The question of top dressing the alfalfa with manure was brought up and Mr. Mann answers as follows: What is the use of feeding nitrogen to the alfalfa plant by giving it manure when the reason for growing the plant is to get nitrogen from the air?—Illinois Farmers' Institute, Springfield, Ill.

MARVELS OF MICROSCOPY SHOWN.

Chicago, March 12.—A complete copy of the Bible show on a square inch of glass is one of many interesting exhibits illustrating the marvels of modern microscopy that were displayed here today at the opening of a national convention of microscopists and microphotographers. The convention sessions are being held at the Academy of Science and will continue several days. The chief aim of the gathering is to bring the microscope into more general use, particularly along the lines of protecting mankind against disease and pointing the way for remedies.

F. E. Walling, a farmer living near Yukon, Mo., strongly recommends Foley's Honey and Tar Compound and says: "I have been advised by my family doctor to use Foley's Honey and Tar Compound for my children when there was a cough medicine needed. It always gives the best of satisfaction and I recommend it to others." City Drug Store—J. A. Obermeyer.

FRANKLIN.

Mr. and Mrs. Oscar Harmon are moving to the H. E. Scott farm this week.

Mrs. Ollie Mayfield returned Saturday from a visit with Waverly relatives.

Mr. and Mrs. A. H. Wright left Tuesday for a visit with their son, G. P. Wright and wife of Havana.

J. W. Ward of Pensacola, Fla., visited over Sunday with friends in the village.

W. E. McDougall went to Greenville Monday for a short visit.

Miss Edna Herring of Greenville left for her home Friday after spending a few days with Miss Edna McDougall.

Donald Roberts of Chicago is visiting his parents, Mr. and Mrs. G. D. Roberts.

Oliver Wright left Monday for a visit with Springfield friends.

Miller Keplinger of the Illinois college spent Sunday with home folks.

Miss Arrah Dean Gotschall a student of the Illinois Woman's college visited over Sunday with her parents.

Health Warning. Chilled and wet feet result in congesting the internal organs, and inflammation of the kidneys and bladder, with rheumatic twinges and pain in back, generally follow. Use Foley Kidney Pills. They are the best medicine made for all disorders of the kidneys, for bladder irregularities, and for backache and rheumatism. They do not contain habit forming drugs. Tonic in action, quick in results. City Drug Store—J. A. Obermeyer.

FRIEDMAN TO DELIVER ADDRESS

Ottawa, Ont., March 12.—Dr. Friedman, famous as the discoverer of a possible cure for tuberculosis, has accepted an invitation to deliver an address before the Canadian Association for the Prevention of Tuberculosis, which began its annual convention in this city today. The Duke of Connaught is also to address the convention, which will be in session two days. Hon. Adam Beck is presiding.

Mrs. S. S. S. Van Buren St., Kingston N. Y., (full name furnished on application), had such decided benefit from using Foley's Honey and Tar Compound that she shares her good fortune with others. She writes: "Foley's Honey and Tar Compound brought my voice back to me during a severe case of bronchitis and laryngitis. Oh, how many people I have recommended it to." City Drug Store—J. A. Obermeyer.

TAXES! TAXES!! Are due and payable at the sheriff's office. Bring your last year's tax receipt or a complete description of your property when making payment. W. B. Rogers, Sheriff and Collector.

CHILD LABOR AND POVERTY.

Jacksonville, Fla., March 12.—From all parts of the country men and women who have dedicated their lives to the betterment of the moral and physical condition of the child worker are arriving in this city to take part in the annual conference of the National Child Labor committee. The sessions of the conference will begin tomorrow and continue until the end of the week. "Child Labor and Poverty" has been selected as the general topic for discussion.

NEW DIRECTORY.

If you expect to have an Illinois telephone installed in your place of business or residence soon, by placing your order now your name will appear in the new directory which will be out about April the first.

STORE AT WOODSON ENTERED BY BURGLARS

Thieves Takes \$200 Worth of Merchandise From Anderson Bros.' Store Tuesday Night—Leave no Clue.

The general store of Anderson Bros., at Woodson, was entered by burglars Tuesday night and forty-two pairs of shoes, one thousand cigars and an overcoat, to the total value of \$200, was taken. No clue was left by the thieves, who did their work so skillfully that Mr. Anderson did not discover the loss until about 9 o'clock when a customer asked for a particular brand of shoe and the box was found to be empty. Further search revealed the full extent of the loss. The cigars were from a reserve supply which were stored in an inconspicuous place.

The authorities have as yet no trace of the theft. One of the firm came to Jacksonville Wednesday morning to report the burglary but having no definite information not much could be done. Two strangers were noticed in Woodson Tuesday, of whom no one seemed to know, who evidently left the village for parts unknown on the night train.

VEHICLE LICENSE.

The vehicle tax for the year 1913 is now due and payable and all owners of vehicles are requested to make prompt settlement and avoid further expense.

R. L. Pyatt, city clerk.

The Mothers' Favorite.

A cough medicine for children should be harmless. It should be pleasant to take. It should be effective. Chamberlain's Cough Remedy is all of this and is the mother's favorite everywhere. For sale by all dealers.

DR. FRIEDMAN DISCUSSES HIS TREATMENT FOR TUBERCULOSIS

Gives Address Before Canadian Association For Prevention of Plague.

Ottawa, Ont., March 12.—Dr. Friederich F. Friedman of Berlin discussed today before the Canadian Association for the Prevention of Tuberculosis, his treatment for tuberculosis, the manner of its discovery and the precautions he took to insure its harmlessness. He said he had spent twenty-three years in research work to find a tubercule that was not toxic and virulent and having found it tried it first of all on himself.

He discarded human tubercle bacilli, he said, after many experiments, because he feared the results were too dangerous. The end of his research came, he asserted, when he found a bacillus which originated in a cold blooded animal—the turtle—which bacillus became virulent and atoxic after frequent transplantation. "When that condition was reached," he said, "I injected it into myself, then into patients infected with tuberculosis, then into healthy children in tubercular surroundings. I have found the remedy invariably harmless."

Chronic Stomach Trouble Cured. There is nothing more discouraging than a chronic disorder of the stomach. Is it not surprising that many suffer for years with such an ailment when a permanent cure is within their reach and may be had for a trifle? "About one year ago," says P. H. Beck, of Wakelee, Mich., "I bought a package of Chamberlain's Tablets, and since using them I have felt perfectly well. I had previously used any number of different medicines, but none of them were of any lasting benefit." For sale by all dealers.

For Making Pure, Delicious Home-Baked Food.

DR. PRICE'S Cream Baking Powder

makes

Fine and Wholesome Biscuit, Delicious Cake and Pastry

No Alum
No Lime Phosphate

HERE'S TO THE U. R. M.

The Flour of all flour—the Flour that's made baking a pleasure and success. There was a young maid who was learning to bake. But the flour she used proved always a fake. She became quite discouraged, and finally then she decided to use the U. R. M. The test resulted in very fine bread. And she danced with glee as she tossed her head. It's a cinch in the future will I ever again use any other brand but U. R. M. \$1.25 for 49-pound sack, and every sack guaranteed. For sale at your grocer's. If you don't bake bread at all, use "Frank's Malt Bread."

NOTICE

To Farmers and Stock Raisers

We are now manufacturing under State License, the best Brand of hog food on market known as "SURE FATTEN HOG FOOD." It is far superior to any Brand of Hog food on the market to day. It is guaranteed under the Pure Food and Drugs Act, June 30th, 1906, Serial No. 47,673. Guaranteed analysis as follows:

Crude Fat.....10.00 to 14 per cent
Crude Protein.....52.50 to 60 per cent
Crude Fibre.....1.00 to 3 per cent
Phosphate.....10.00 to 12 per cent

What Is "Sure Fatten Hog Food"

It is a dark colored granular meal, made from meat residues, and it supplies the protein and phosphates necessary for compounding a balanced ration in most economical and palatable form.

It contains phosphates in proper proportion to insure strength of bone and frame work. In the corn belt bone development is a matter of serious consideration.

It is not a substitute for corn, but a small quantity fed in connection with corn or other grains gives a balanced ration.

It is the most economical source of digestible protein known, containing twice as much protein as oil meal and five times as much as middlings, shorts, shipstuffs, or alfalfa meal.

TANKAGE recommended by all leading experiment stations.

It is packed in one-hundred-pound burlap sack, plainly marked "SURE FATTEN HOG FOOD," analysis as above. It is the ideal feed to balance rations.

What "Sure Fatten Hog Food" Tankage Does.

It develops bone and muscle in young pigs and makes them grow. It matures a hog for market in two and three months quicker than corn alone, thereby saving one third of the feed bill, one third of the labor, one third of the risk, increasing profits one third.

It grows better proportioned hogs, more meat, a d more fat, hence market-topper hogs. SURE FATTEN HOG FOOD TANKAGE fed hogs shu well with small shrink.

While in nowise a medicine, it so fortifies and strengthens the system against attacks of disease germs that SURE FATTEN HOG FOOD TANKAGE fed hogs are universally healthy hogs.

Manufactured by the Jacksonville Reduction Co., Jacksonville, Ill.

For sale at the office of Jacob Cohen & Son, West Lafayette avenue. Call or write for any further information. Illinois phone 355. Bell Phone 215

Woman Who Changed Her Mind as Judge of Dog Show, and Largest and Smallest Entries.

Photos by American Press Association.

One of the sensations at a recent dog show in New York was the daring act of a woman judge in reversing her decision. Mrs. Mary Winthrop Turner, shown in the above picture holding Dollar Princess on her lap, was the heroine. The dogs to which she awarded respectively first and second prizes in the French bulldog class she named in reverse order in the winners' class later, declaring she had changed her mind. Two other features of the show were the largest and smallest dogs present, which were White Star Barry and Beautiful Lady, shown above.

NOW IS THE TIME TO TEST YOUR SEED CORN

Fact That Seed Will Grow Should Not Satisfy Farmer—Must Have Strong Vitality—The Rag Doll Tester.

Seed corn should be tested three weeks prior to planting time. The middle of March is not too early for the corn belt farmer and is often a time when other duties are not pressing.

Some farmers think that because the winter has been mild any good looking corn will do to plant. It is also to be considered that the only necessary test for seed corn is that it shall show a reasonable high per cent of germination, not taking into consideration that the seed kernel may furnish more or less nourishment to the young corn plant as well as to the germ, which itself may have a high or low vitality.

When seed corn is in perfect condition the kernel will furnish its entire contents toward the support of the young plant, but if it has been injured, only a small part of its contents may be used by the growing plant. In other words, corn may contain vitality enough to grow, yet be too weak to produce a healthy stalk; in such case a shortage in yield would not be due to a poor stand, but to the lack of crop vitality.

The "Rag Doll" Method.

It is not necessary to buy a high priced seed corn germinator. One can be made much more cheaply and serve the purpose as well. Take a strip of unbleached muslin at least 10 inches wide and five or six feet long; stretch the strip on a table, moisten it with water, and with a straight edge, and a colored wax crayon, mark it into a series of squares measuring three inches. Give each space thus marked out, a number. Now take an ear of corn that is to be tested and with a knife blade remove the kernel from the but; turn the ear slightly and remove another kernel from near the center, continuing until six kernels have been obtained from all parts of the ear. Place the six kernels in a numbered space on the cloth; give the ear the corresponding number; and put it carefully away for future reference. Continue in this manner with other ears until all spaces are filled. Then, beginning at one end, around a piece of board an inch wide carefully roll the whole; tie a string around it, place it in a pail of water for 12 hours, then pour off the water, turn pail up-side-down, raise pail one inch for ventilation, keep in ordinary living-room temperature, and on the fifth day, carefully unroll and read the test. If some kernels have produced only weak, slow-growing, spindling sprouts, this indicates weak vitality—throw out the ear bearing the corresponding number.

A number of rolls can be made up at one time. Give each roll a number. A common cracker box may be used instead of a pail. Always provide drainage if box is used, and place a moist coarse cloth over the rolls to prevent excessive drying. Simple, Cheap and Efficient. This is the cheapest tester made.

Anyone can make it in a few moments. Testing seed is the simplest, easiest, and most profitable task a farmer has, and one of its best features is that once he has tested his corn properly, he makes it a permanent practice.—H. A. McKee, secretary.—Illinois Farmers' Institute.

The Forty Years Test.

An article must have exceptional merit to survive for a period of forty years. Chamberlain's Cough Remedy was first offered to the public in 1872. From a small beginning it has grown in favor and popularity until it has attained a world wide reputation. You will find nothing better for a cough or cold. Try it and you will understand why it is a favorite after a period of more than forty years. It not only gives relief—it cures. For sale by all dealers.

SECRETARY VISITS HERE.

Robert McKenzie, of New York City, secretary of the college board of the Presbyterian church was in Jacksonville Wednesday visiting Illinois college. He was entertained at dinner Wednesday at the home of S. R. Capis on North Church street.

TO ATTEND STOCK SHOW.

Pine Bluff, Ark., March 12.—The Arkansas Live Stock association met in annual session here today with a large and representative attendance. At the conclusion of the meeting the members will leave in a body for Fort Worth to attend the fat stock show now being held there.

END LIVER TROUBLE WITHOUT CALOMEL

Untrustworthy Drug, Thought to Loosen the Teeth, Now Made Absolutely Unnecessary.

Dr. Edwards' Olive Tablets—the substitute for calomel—are the mildest but surest laxative known, and their effect on the liver is almost instantaneous. They are the result of Dr. Edwards' determination not to treat liver and bowel complaints with calomel. Dr. Edwards has been calomel's uncompromising foe. His efforts to banish it brought out these little olive-oil-colored tablets, a rare combination of vegetable compounds mixed with olive oil. These pleasant, harmless little tablets do all the good that calomel does but have no bad after effects. They don't injure the teeth like strong liquids or calomel. They take hold of the trouble and quickly correct it. Why cure the liver at the expense of the teeth? Calomel sometimes plays havoc with the gums. So do strong liquids. It is best not to take calomel at all, but to let Olive Tablets take their place. Most headaches, "dullness" and that lazy feeling come from constipation and a disordered liver. Take Olive Tablets when you feel "lousy" and "heavy." Note how they "clear" the clouded brain and how they "perk up" the spirits. At 10c and 25c a box. "Every little Olive Tablet has a movement all its own."

The Olive Tablet Co., Columbus, Ohio.

MEETINGS AT CENTENARY.

Pastor Talks on "The Gospel in the China Shop."

Rev. Mr. Flagg was heard in an interesting address Wednesday evening on "The Gospel in the China Shop," one of the two weeks' series of illustrated lectures by the pastor held in the Sunday school room. The talk was based on a passage in the 18th chapter of Jeremiah, which reads, "Arise and go down to the potter's house and there I will cause you to see my work." As illustrations, Rev. Mr. Flagg showed the different kinds of Christians. Some followers of the Master potter have been rough shapen only; others are products of his better skill.

The group meetings held before the opening of the service are doing much to keep up the interest of the members, and bring home to them the importance of their best efforts at personal work. Nor is the musical feature of the meetings being disregarded, as the good work of the chorus under the leadership of Albert C. Metcalf shows. The special musical number last evening was a duet by Misses Helen Jones and Nina Staten of the Woman's college. This evening's subject will be "The Cedar Hill Maze," a sermon which will be illustrated in a novel manner and will be worth the time of everyone.

MARRIAGE LICENSES
Elliott W. Barnett, Jacksonville; Odessa Rose, Paynesville, Mo.; Arthur C. Sprague, Roodhouse; Ida M. Sorrells, Roodhouse.

MAY DELAY TESTS INDEFINITELY.

Washington, March 12.—Government tests of Dr. Friedmann's tuberculosis vaccine may be delayed indefinitely by the refusal of the Berlin physician to impart to the public health service the method of making from his cultures or the size of the dose. It developed tonight that Friedmann has notified Surgeon General Blue that he will not divulge his secret until the government physicians have recognized improvement in patients treated by him.

NOTICE TO THE PUBLIC.

All persons having bills against the county should file them with the county clerk at once.

C. A. Boluff,
County Clerk.

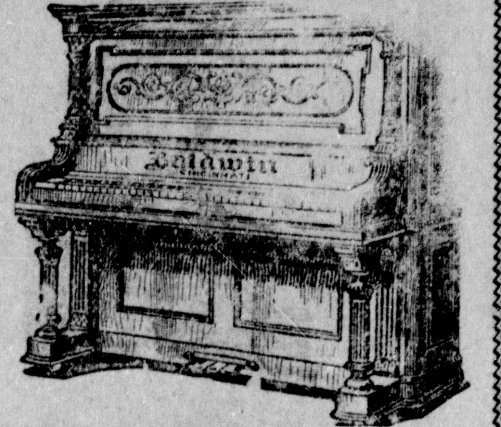

PHILADELPHIA M. E. CONFERENCE.

Philadelphia, March 12.—The 126th annual session of the Philadelphia M. E. conference was opened in the Twenty-ninth Street church in this city today, with Bishop Joseph P. Berry presiding.

JAPANESE GRADUATES SUBSCRIBE LARGE SUM.

Cambridge, Mass., March 12.—Japanese graduates of Harvard university have subscribed a fund of \$20,000 to be used by the corporation as a foundation upon which to establish lectureships on oriental philosophy. It is proposed to have professors from the leading universities of Japan come to Cambridge for two or more years at a time to give these courses.

THE
MANUALO
THE
PLAYER PIANO
THAT IS
ALL BUT HUMAN

The Charm Of the Manualo

is in its life; it is not a cold machine, but more like a living being, radiating living music, answering instantly to every demand of the pianist.

Its charm is in its wearing qualities, in the absolute compactness, the tested durability of all working parts.

Its charm is in its ease of playing. Playing the

Manualo

is a pleasure, not a physical effort. The whole attention of the pianist is on the music, to feel it, and to enjoy its rendition.

The Manualo

is found exclusively in the pianos made by The Baldwin Company; The Baldwin Manualo, the Ellington Manualo, The Hamilton Manualo, The Howard Manualo.

After Long Suffering

Women Are Constantly Being Restored to Health by Lydia E. Pinkham's Vegetable Compound.

"Worth mountains of gold," says one woman. Another says, "I would not give Lydia E. Pinkham's Vegetable Compound for all the other medicines for women in the world." Still another writes, "I should like to have the merits of Lydia E. Pinkham's Vegetable Compound thrown on the sky with a searchlight so that all suffering women could read and be convinced that there is a remedy for their ills."

We could fill a newspaper ten times the size of this with such quotations taken from the letters we have received from grateful women whose health has been restored and suffering banished by Lydia E. Pinkham's Vegetable Compound.

Why has Lydia E. Pinkham's Vegetable Compound accomplished such a universal success? Why has it lived and thrived and kept on doing its glorious work among the sick women of the world for more than 30 years?

Simply and surely because of its sterling worth. The reason no other medicine has ever approached its success is plainly and simply because there is no other medicine so good for women's ills.

Here are two letters that just came to the writer's desk—one two of thousands, but both tell a comforting story to every suffering woman who will read them—and be guided by them.

FROM MRS. D. H. BROWN.

Iola, Kansas.—"During the Change of Life I was sick for two years. Before I took your medicine I could not bear the weight of my clothes and was bloated very badly. I doctored with three doctors but they did me no good. They said nature must have its way. My sister advised me to take Lydia E. Pinkham's Vegetable Compound and I purchased a bottle. Before it was gone the bloating left me and I was not so sore. I continued taking it until I had taken 12 bottles. Now I am stronger than I have been for years and can do all my work, even the washing. Your medicine is worth its weight in gold. I cannot praise it enough. If more women would take your medicine there would be more healthy women. You may use this letter for the good of others."—Mrs. D. H. Brown, 809 North Walnut Street, Iola, Kan.

MRS. WILLIAMS SAYS:

Elkhart, Ind.—"I suffered for 14 years from organic inflammation, female weakness, pain and irregularities. The pains in my sides were increased by walking or standing on my feet and I had such awful bearing down feelings, was depressed in spirits and became thin and pale with dull, heavy eyes. I had six doctors from whom I received only temporary relief. I decided to give Lydia E. Pinkham's Vegetable Compound a fair trial and also the Sensitive Wash. I have now used the remedies for four months and cannot express my thanks for what they have done for me."—Mrs. SADIE WILLIAMS, 455 James Street, Elkhart, Indiana.

Write to LYDIA E. PINKHAM MEDICINE CO. (CONFIDENTIAL) LYNN, MASS., for advice. Your letter will be opened, read and answered by a woman and held in strict confidence.

Rheumatism Affects Lungs

Pneumonia, Bronchitis, Phthisis,
Asthma and Anemia Often Direct-
ly the Result of Rheumatic
Blood.

If you have a persistent, nagging bronchial cough beware of cough remedies. They are merely local in action, and if they do relieve it is the narcotics that do it. What you require is a blood purifier, a searching antidote that removes from the circulation the acid poisons that by their reflexes attack all weakened susceptible spots and thus create local symptoms. The very best remedy known is Swift's Sure Specific. You will find it on sale in any drug store at \$1.00 per bottle. It goes straight into the blood, becomes an internal blood bath, wonderfully increases the red corpuscles, cures all the local fever spots and irritations, increases appetite, you take on flesh and feel a wonderful sense of renewed strength. Hundreds of people worried beyond control at cough, pains in the chest, sore throat and constant expectoration of thick mucus have experienced the most wonderful change after using S. S. S. All doubt and apprehension is gone, those peculiar pains and aches vanish, there follows a period of most intense rejoicing to find that worst fears were based entirely upon a mistaken notion that cough and chest pains come from the lungs. These are rheumatic conditions, and you will quickly realize it after using S. S. S. for a few days. Get a bottle of S. S. S. to-day at the drug store and then say good-by to all those pains that have worried you.

Write to The Swift Specific Co., 127 Swift Bldg., Atlanta, Ga., for medical advice and wonderful facts concerning the greatest blood remedy ever known.

President Wilson and Secretary Tumulty as They Appeared at Work on Their New Jobs.

Photos copyright, 1913, by American Press Association.

Quickly after the day of inaugural ceremonies President Wilson got right down to the business of government. So did his secretary, Joseph P. Tumulty. President Wilson let it be known from the start that he intended, if possible, to work nine hours a day and that he would not be interrupted by office seekers. Above, at top, is a picture of the president as he looked on the first day at his desk in the executive office and at bottom is a picture of Secretary Tumulty, also sitting for the first time at his desk in the new job.

TALK OF ABOLISHING

TRACK ATHLETICS

Millikin Men are Warned That This
Department of Sports May Be
Done Away With.

Decatur, March 12.—The track team members will have to put in their best looks this year. Track athletics will be put under the ban at Millikin University. This class of sport has never been supported and the failure of candidates for the track team to get out and work hard has generally been responsible for Millikin's failure in this line of sport. This year, in an effort to prevent a big deficit, track athletic meets have been limited to three, of which two will be dual meets, and the third the interscholastic. Millikin has some good material, and with the right kind of push ought turn out a good team this year.

Offers Baseball.

If Millikin's schedule were not already well filled, it would be easily possible to add at least two large universities for baseball games. Coach J. N. Ashmore has received telegrams and requests for games from the Mississippi Agricultural and Mechanical school and from the University of Arkansas for games to be played here. The Mississippi team has asked a big guarantee but might be added if they will be more reasonable, and Illinois does not fill a date here.

The University of Arkansas team will be through here again on a trip but Millikin is not inclined to take up their offer because of their failure to fill a date here last year, after it had been scheduled.

REAL ESTATE TRANSFERS.

EARNINGS OF ILLINOIS TRACTION SYSTEM LARGE.

The Illinois Traction is a holding company, controlling a number of electric railways, electric light, gas and heat companies. Its controlled companies operate interurban lines from St. Louis northward via Springfield to Peoria, with branches to Danville and Bloomington, and a line from Joliet via Ottawa and Princeton with branches to Ladd and Streator. It also operates street railway, gas and electric systems in a number of cities and towns in Illinois of which Jacksonville is one and also in Topeka, Kan. It owns a bridge across the Mississippi river at St. Louis which affords terminal facilities in that city for both passengers and freight. The company earned about 8 per cent on its outstanding common stock during the twelve months ended December 31, last, compared with 5.67 per cent in the previous year; 6.91 per cent in 1910, 6.39 per cent in 1909 and 5.17 per cent in 1908.

Five years ago Illinois Traction's gross earnings were little more than \$4,000,000, against almost \$7,400,000 in 1912; its net returns were less than \$1,750,000 against over \$3,000,000 and surplus over preferred stock dividends was about \$340,000, contrasted with over \$750,000.

NOTICE OF PROPOSALS FOR BIDS

Sealed bids will be received for the construction of a 10-inch Vitrified Pipe Sewer, on Doolin avenue, Cox and Dunlap streets, by the board of local improvements of the city of Jacksonville, until the 18th day of March, A. D. 1913, at the hour of 10 o'clock a. m., at its office in the city hall, in said city of Jacksonville, Illinois, at which time and place said bids will be publicly opened.

It is estimated that there will be approximately 2600 lin. ft. at an average out of about 9 ft.

Said improvement shall be constructed and made in accordance with the ordinance providing for the same, and the maps, plans, profiles and specifications for the same on file in the office of the city engineer of said city.

Proposals must be made on blanks furnished by the board and in compliance with the instructions thereto attached, which can be had upon application to the engineer, and must be accompanied by a certified check or cash, payable to the president of the board of local improvements, in his official capacity, for an amount not less than 10 per cent of the aggregate of his proposal.

Contractor shall be paid in cash or bonds, bonds to draw 5 per cent per annum.

The board of local improvements reserves the right to reject any or all bids, as authorized by the statute. Dated, Jacksonville, Illinois, March 7, 1913.

Geo. W. Davis,
Wm. Newman,
E. M. Henderson,
Board of Local Improvements,
City of Jacksonville, Ill.

THE TRAIL OF THE

LONESOME PINE.

In Eugene Walter's dramatization of "The Trail of the Lonesome Pine," the widely read novel by John Fox, Jr., the author of "The Little Shepherd of Kingdom Come," you see presented on the stage the typical mountain community of the Virginia hills. The primitiveness of the people is shown in all its picturesque and charming and you will love June and her kinsfolk far more on the stage than you did when you wandered with her through the pages of Mr. Fox's delightful story.

June, the wild mountain girl, longs for the knowledge of the world outside of her mountain environment and which is, after all, the strongest motive of mankind. The strong company of New York players will be seen here in this delightful play. This dramatic success comes to the Grand Monday, March 17.

NO DELINQUENT CHILD.

In the matter of Mary Bostic alleged to be a delinquent child hearing was held before Judge Brockhouse Wednesday. Jury of six was called, evidence heard and cause submitted to jury who returned verdict finding Mary Bostic not a delinquent child.

TO HOLD STORY HOUR.

Miss Georgia Lutkemeyer will hold a story hour this afternoon at 3:45 at the public library. She will give Snow White, one of Grimm's fairy tales. The parent-teachers' association expect to give this production as a benefit play at the Majestic Friday.

EVERY STREET IN JACKSONVILLE

Has Its Share of the Proof That Kidney Sufferers Seek.

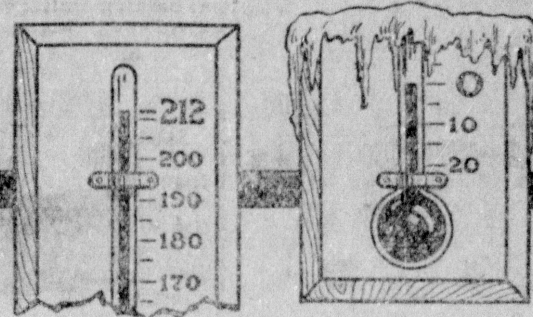

Backache? Kidneys weak? Distressed with urinary ills? Want a reliable kidney remedy?

Don't have to look far. Use what Jacksonville people recommend. Every street in Jacksonville has its cases.

Here's one Jacksonville man's experience. Let G. V. Skinner of 853 South East street tell it.

G. V. Skinner, blacksmith, 853 S. East St., Jacksonville, Ill., says: "I am convinced that Doan's Kidney Pills are the best kidney medicine to be had. One of our family suffered a great deal from kidney weakness and backache and was relieved in every way by Doan's Kidney Pills."

Mr. Skinner is only one of many Jacksonville people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mr. Skinner had—the remedy backed by home testimony. 50c all stores. Foster-Milburn Co., Props., Buffalo, N. Y. "When Your Back Is Lame—Remember the Name."

The Texas Wonder cures kidney and bladder trouble, removes gravel, cures diabetes, weak and lame backs, rheumatism and all irregularity of the kidneys and bladder in both men and women, regulates bladder troubles in children. If not sold by your druggist, will be sent by mail on receipt of \$1.00. One small bottle is two months treatment and seldom fails to perfect a cure. Send for Illinois testimonials. Dr. W. E. Hall, 1925 Olive street, St. Louis, Mo. Sold by druggists.

HAIR TELLS CHARACTER.

Color of Hair Said to Indicate a Person's Temperament.
Many people believe that blonde, or light hair denotes affection and dark hair constancy. A person without hair is not devoid of character; far from it. A disposition of the average bald-headed man is to show such solicitude for the welfare of others, that he neglects himself. A germ causes baldness. Sabouraud, of Paris, France, inoculated a rabbit with Dandruff germs, using it to become totally bald in five weeks' time. To rid the scalp of these noxious germs it is necessary to apply Sabouraud's Herpicide.
"Destroy the cause—you remove the effect."
Sold by leading druggists. Send 10c in stamps for sample to The Herpicide Co., Detroit, Mich.

M'COMBS PRESENCE IN WASHINGTON STIRS UP UNUSUAL INTEREST

Confers With Democratic Leaders and Will Meet President Today.

Washington, March 12. — The presence of National Chairman William F. McCombs in the capital, his many conferences with Democratic leaders and cabinet members and his engagement to meet President Wilson early tomorrow stirred up unusual interest in presidential appointments tonight.

Richard Olney who has been offered the ambassadorship to Great Britain tried to get into communication by telephone with Mr. McCombs early in the evening. At the white house, it was said Mr. Olney was considering the offer and might not announce his decision until the end of the week.

Pennsylvania State Chairman George W. Guthrie for the ambassadorship to Italy and Norman E. Mack for an important diplomatic post, were names prominently heard in political circles.

The following nominations were expected to be sent to the senate before the end of the week: Former Representative Edwin F. Sweet of Grand Rapids, Mich., to assistant secretary of commerce.

Henry C. Breckinridge of Lexington, Ky., to be assistant secretary of war.

Robert M. Wooley of Virginia to be assistant secretary of the treasury.

State Senator Frank D. Roosevelt to be assistant secretary of the navy.

Public sale of 19 1/2 acres of real estate, more or less, situated about 5 1/2 miles southeast of the city of Jacksonville.

Public notice is hereby given that the undersigned, as executors of the estate of Thomas Hembrough, deceased, will sell at public vendue the following described real estate, to-wit: All that part of 46 acres off of the west side of the southwest quarter of section 36 in township 15 north of range 10 west of the third principal meridian in Morgan county, Illinois, lying north of the public road, leading from Jacksonville, Illinois to Vandalia, Illinois, except however, a strip of ground 11:54 6-11 rods wide off of the west side thereof, containing 19 1/2 acres, more or less.

Time, Place and Terms of Sale.
Said sale will be held on Saturday the twenty-second day of March, A. D., 1913, at 2:00 o'clock p. m. of said day at the court house in the city of Jacksonville, Illinois, and the sale will be for cash.

Dated this, the fifth day of March, A. D., 1913.
William H. Hembrough,
Thomas S. Hembrough,
Executors as aforesaid.
M. T. Layman, attorney.

JUSTICE COURTS.
Harry Durand, charged with arson, was arraigned in Squire Dyer's court Wednesday and was put under bond of \$2,000 for his appearance for a preliminary hearing Saturday morning at 10 o'clock in Squire Dyer's court. In default of bond he was committed to the county jail.

Charles Vincent and I. N. Kelley were each fined \$3 and costs in Squire Coons' court Wednesday on a charge of drunkenness.

TAXES! TAXES!!
Are due and payable at the sheriff's office. Bring your last year's tax receipt or a complete description of your property when making payment.
W. B. Rogers,
Sheriff and Collector.

Conductor S. L. Miller, Norfolk, Neb., on Bonesteel Division of C. & N. W. Ry. Co., recommends Foley Kidney Pills and says: "I have used Foley Kidney Pills with very satisfactory results and endorse their use for any one afflicted with kidney trouble. They are all right." City Drug Store—J. A. Obermeyer.

NOTICE OF FINAL SETTLEMENT.
In the matter of the estate of Henry B. Bergschneider, deceased. Notice is hereby given, that we the undersigned, executors of last will and testament of Henry B. Bergschneider, deceased, have caused our final report and account as such executors of the clerk of the County Court of Morgan County, and that we shall apply to said Court on Monday, the seventh day of April A. D. 1913, at 9 o'clock a. m. of that day, or as soon thereafter as we can be heard, for an order of approval of said report and account, and for our final discharge, at which time and place all persons interested can appear and show cause, if any they have, why such order and discharge should not be granted.

Jos. G. Bergschneider,
Fred L. Degen,
Executors

Chamberlain's Tablets for Constipation.
For constipation, Chamberlain's Tablets are excellent. Easy to take mild and gentle in effect. Give them a trial. For sale by all dealers.

RATIFY COAL LAND SALE.
Pittsburg, March 12.—Stockholders of the Northern Coal and Coke company met today and ratified the sale of property and assets to the newly organized Elkhorn Fuel company, with which Baltimore interests are identified. The Northern company owns about 70,000 of the 200,000 acres which came under the control of the Elkhorn company. By the terms of the sale the Northern stockholders are to receive \$1,500,000 in cash, \$4,500,000 in preferred and \$7,500,000 in common stock of the Elkhorn company.

FUNERAL NOTICE.
Funeral services for Mrs. Sarah Fearon will be held this morning at 8:15 o'clock at the Church of Our Savior and interment will be made in Calvary cemetery. Friends are requested to omit flowers.

JUVENILE MODES.

Dancing School
Frock of Velvet.

VELVET DRESS WITH MOTIFS OF SCARLET.

For dressy occasions such as the afternoon dancing class and school functions the costume pictured will be found very useful for the young girl.

An oriental touch is given the black velvet frock by motifs of scarlet and gold embroidery on sleeves, sash and rounded out neck. The low beveled coat with a buttoned top of cloth is correct footgear for afternoon wear.

THE PERFECT GIRL.

She is Miss Elsie Scheel, Student at Cornell.

The most nearly perfect physical specimen of womanhood just now is Miss Elsie Scheel, a student in the college of horticulture at Cornell university. According to Dr. Esther Parker, medical examiner of the 400 coeds in the university, Miss Scheel is not only a young woman of great strength, but in her physical makeup there is not a single defect.

Miss Scheel, who is a light haired, blue eyed girl whose very presence bespeaks perfect health, is twenty-four years old, weighs 171 pounds and is five feet seven inches tall. Her normal chest measurement is 34.6 inches, waist 30.3 inches, hips 40.4 inches. She is very fond of outdoor sports and walking. Her hobby is motoring, her favorite sport basketball, and she is an ardent suffragette. She is much interested in horticulture, but if she were a man she would study mechanical engineering, as she likes to work about an automobile.

She eats but three meals in two days and almost always goes without breakfast. She does not believe in eating mechanically. Her favorite food is beefsteak. She doesn't care about delicacies and has no liking for candy. She has never taken a drink of tea or coffee in her life and keeps regular hours. She says she has never been ill and doesn't know what fear is. Girls would be happier if they got over the fear of things, she says.

When she finishes her course Miss Scheel is going to grow vegetables on her father's farm.

Midseason Millinery.
The pose of a modern hat on the head is a most important consideration. This plum colored hemp model, matching a draped gown of plum colored

PLUM COLORED HEMP HAT.

lansdowne, a silk and wool weaver much in favor now, has a white feather which slants rakishly off at one side, the slant of this feather lending chic to the whole costume.

Worth Knowing.
Never throw away pieces of lemon after they have been squeezed with the lemon squeezer, for they come in handy for removing stains from the hands and elsewhere. Dipped into salt they will scour copper kettles nicely and remove stains from brasswork. Lemon like this will take stains, dirt and odor from pans and kettles as nothing else will. The odors of fish and onions can thus be easily removed.

ROAD DISTRICT REPORT.

Financial statement of J. A. Paschall, treasurer of Road District No. 6 for fiscal year ending March 11, 1913.

Justice Peace, (Seal)

W. S. Skelton, a merchant at Stanley, Ind., says he would not take \$100.00 for the relief a single box of Foley Kidney Pills gave him. "I had a severe attack of kidney trouble with sharp pains through my back and could hardly straighten up. A single box of Foley Kidney Pills entirely relieved me." City Drug Store—J. A. Obermeyer.

Compressed Air Carpet And Rug Cleaning

We have the newest and most up-to-date Carpet Cleaning equipment in Central Illinois. Our cleaning department is in a new building, especially erected for this purpose. Our system complete. We guarantee our work to be satisfactory. Try it. No wear, no tear. Perfectly sanitary. No sizing removed. Our process enables us to get down to the texture of your floor covering and get at that ground in germ lading dirt and dust that no other process will remove. Spots and stains removed without the use of chemicals. Steam renovating.

A Family of Five in California

have accomplished wonders on ten acres. They enjoyed a good living and made \$2,000.00 a year profit for four years. They put five acres in grapes, two and a half acres in peaches, one acre for an orchard, one acre for vegetables—the remainder contained strawberry patch, chicken corral and a place for hogs. They grew alfalfa between the peach trees. A record of their sales for one year follows:

Peaches	\$ 298.50
Chickens	208.70
Eggs	438.00
Vegetables	566.05
Strawberries	157.20
Hogs and Bacon	352.80
Turkeys	64.75
Total	\$2,086.00

The Spring Season

The spring season for farm work will open soon. Many farmers have already planned for the early plowing and sowing. You may need a

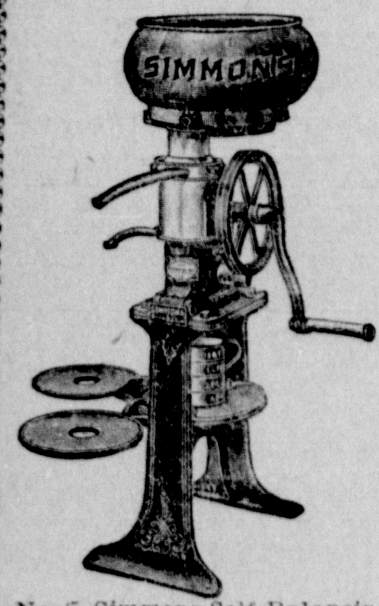

BREAKING PLOW or CLOVER SEED

Let us talk to you about either of these or anything else your farm work may demand.

JOHN T. SAMPLE & SON

South Main St. Jacksonville, Illinois

"Separates the Money From the Milk"

No. 5 Simmons Self-Balancing Cream Separator, Capacity 500 lbs per hour \$75.00.

The Simmons Self-Balancing Cream Separator is the latest on the market.

It is the most simply constructed machine made, having fewer parts. It is the easiest to clean. Having a self-balancing bowl, it is the easiest to run; having the discs pointed downward, it requires no attention; having the discs interchangeable; it requires no care in replacing them. It is self-oiling and is as nearly mechanically perfect as a machine can be made.

The bowl of the Simmons Separator is self-balancing—hence its name. Directly you turn the handle of the Simmons Self-Balancing Cream Separator, the bowl at once finds its own balance in revolving.

Now, this matter of bowl balance is highly important. It eliminates friction and wear—eliminates repair bills and insures clean skimming. Remember that you can't get a self balancing bowl unless you buy the Simmons Self-Balancing Cream Separator.

GEORGE S. GAY
HARDWARE

Do It Now--Go to the Phone

and order F. F. F.—put it on your list to give the order boy or stop at the store and get it. Don't wait to know the enjoyment of a golden brown cup of

F. F. F. Coffee

It is true to its name in every respect. It's fresh—kept as fresh in its moisture proof package as the hour it was roasted.

It's fragrant—so fragrant that its very aroma makes you coffee hungry. Its flavor is so full, rich and mellow, that you can't imagine it—you must drink it to appreciate it. It's steel cut, not ground. Freed of chaff and waste. Cut into uniform granules. Yet it costs no more than coffee not nearly as good. Don't put off ordering it. Attend to that order of F. F. F. now.

We have a complete line of Groceries and Meats and are prepared to make prompt delivery to any part of the city. Your patronage solicited. Prices reasonable.

A STRONG REFERENCE.
A young man recently applied for a position with a large printing house, and not having a letter of reference, offered his bank book. It showed a regularity of entries of deposit. It was a very strong recommendation, indicating character and persistency, which finally secured for him a good position.

THE WORLD'S LATEST FINANCIAL AND MARKET NEWS

MONEY SITUATION INFLUENCES MARKET

CALL MONEY RISES TO HIGHEST RATE SINCE FIRST OF THE YEAR.

London Again Sends Over Higher Quotations For American Stocks and There Was Considerable Buying For Foreign Account.

(By Associated Press)
New York, March 12.—For a time after the opening of the stock market today the upward movement of the previous session was continued. London again sent over higher quotations for American stocks and there was considerable buying in this market for foreign account. Covering of short contracts contributed to the strength and many issues were marked up a point or more.
The demand was not keen, however, and after the first hour the market began to slip backward. Early advances were cancelled and the list was forced below yesterday's close.

Financial conditions here and abroad again exerted a large influence on the stock market. Call money rose to six per cent, the highest rate since the first of the year. For time money 5 1/2 per cent was offered for all maturities but even these bids failed to bring out large offerings. The money market was influenced by exports of gold and the expectation of a poor bank statement on Saturday.

It was reported that negotiations were under way for shipment of \$5,000,000 gold to Berlin. German bankers bid nine per cent in this market for accommodations over the end of the month. Houses with German connections, however, said their advice indicated that financial pressure in Germany had about reached its maximum.
Prospects of further extensive gold exports were lessened by a pronounced slump in foreign exchange rates. Demand sterling broke fifty points.

Some of the inactive stocks moved more widely on the decline. American Express broke three points from its high price on publication of an annual report showing a large decrease in earnings. Goodrich was particularly weak, the common falling over 8 points and the preferred 6 1/2.

NEW ENGLAND HAS NO PLACE IN CABINET

Unusual Situation Has Developed in President Wilson's Official Family—Only Once Before Has Same Condition Been True.

Washington, March 12.—That the six great states of the upper Mississippi valley have no place in the new cabinet has been a subject of some comment since the change in administration, but what seems more surprising, in the minds of the old-timers in the capital, is the fact that New England is without representation in the cabinet. This was during the administration of John Quincy Adams, from 1825 to 1829.

During the administrations of President Washington New England was represented in the cabinet by Timothy Pickens of Massachusetts, secretary of state; Oliver Wolcott of Connecticut, secretary of the treasury, and Samuel Osgood of Massachusetts, postmaster general.

Secretaries Pickens and Wolcott continued in office under President Adams and later Samuel Dexter of Massachusetts; Roger Griswold of Connecticut, and Theophilus Parsons of Massachusetts came into the cabinet.

In Jefferson's cabinet New England's representatives were Henry Dearborn of Massachusetts, secretary of war, B. W. Crowninshield of Massachusetts, secretary of the navy, Gideon Granger of Connecticut, postmaster general, and Levi Lincoln, of Massachusetts, attorney general.

President Madison had William Eustis of Massachusetts for secretary of war, B. W. Crowninshield of Massachusetts, secretary of the navy, and Gideon Granger of Connecticut, postmaster general.

John Quincy Adams of Massachusetts was secretary of state under President Monroe, and Mr. Crowninshield continued for a short time as secretary of the navy.

Levi Woodbury of New Hampshire was in the cabinet of President Jackson, serving first as secretary of the treasury and later as secretary of the navy.

Mr. Woodbury continued as secretary of the treasury through the administration of President Van Buren and John H. Niles of Connecticut served for a time as postmaster general.

Daniel Webster of Massachusetts was appointed secretary of state by President W. H. Harrison and continued into the cabinet of Tyler. David Henshaw of Massachusetts also sat in the Tyler cabinet as secretary of the navy.

George Bancroft of Massachusetts was secretary of the navy in Polk's cabinet and Nathan Clifford of Maine and Isaac Toucey of Connecticut were attorney general.

Jacob Collamer of Vermont was the New England representative in President Taylor's cabinet, serving as postmaster general.

Daniel Webster returned to the post of secretary of state under President Fillmore, and Samuel D. Hubbard of Connecticut was postmaster general.

Calvin Cushing of Massachusetts was attorney general under President Pierce.

Isaac Toucey of Connecticut was secretary of the navy under President Buchanan and Horatio King of Maine served for a brief period as postmaster general.

In the Lincoln cabinet were William P. Fessenden of Maine, secretary of the treasury, and Gideon Welles of Connecticut, secretary of the navy. Mr. Welles continued in the cabinet of President Johnson.

Grant's cabinet officers included George S. Boutwell and William A. Richardson of Massachusetts, secretaries of the treasury; Ebenezer Hoar of Massachusetts, attorney general, and Marshall Jewell of Connecticut, postmaster general.

Charles Devens of Massachusetts, attorney general, was the New England representative in President Hayes' official family.

James G. Blaine of Maine was President Garfield's secretary of state, and President Arthur had William Chandler of New Hampshire for secretary of the navy. William C. Endicott of Massachusetts was secretary of war during the first Cleveland administration.

In the McKinley cabinet John D. Long of Massachusetts was secretary of the navy. In the Roosevelt cabinet Mr. Long was succeeded by William H. Moody, also of Massachusetts, and George von L. Meyer, also a Massachusetts man, became postmaster general.

In the Taft cabinet Mr. Meyer became secretary of the navy, while Frank H. Hitchcock, also hailing from Massachusetts, succeeded him as postmaster general.

A GENEROUS OFFER

Your Money Refunded if Parisian Sage Doesn't Banish Dandruff. Pretty strong talk perhaps you'll say, but it's honest talk, every word of it, because if Coover & Shreve were not absolutely certain; if they did not know from actual results obtained they could not make such a generous offer.

Parisian Sage can now be obtained in every town in America. It is guaranteed to stop falling hair and itching scalp.

It is the ideal, delightful, rejuvenating hair dressing that makes hair grow in abundance. Parisian Sage is a prime favorite with women because it keeps the hair brilliant and fascinating, is daintily perfumed and is not sticky or greasy.

The price for a large bottle is only 50 cents at Coover & Shreve's who guarantee it. Sold everywhere, or direct, all charges prepaid, by the American makers, Gloroux Mfg. Co., Buffalo, N. Y.

WHERE THE OCEAN BOILS.

Upheavals That May Be Caused by Submarine Earthquakes.

Mariners say that in the midst of the Atlantic, about where the twenty-fifth meridian west from Greenwich crosses the equator, there lies a region of mystery. It is on the line that ships take from Madeira to Brazil. Only within the past half century has it been sounded and its strange phenomena reported.

One investigator declared that he saw the sea about half a mile from his vessel suddenly disturbed. For about two minutes it boiled up violently as from a subterranean spring. Throughout the day there were observed great patches of discolored water which had exactly the appearance of extensive shoals.

These and similar phenomena are frequently observed in this part of the ocean. Often a ship reports that she has experienced a violent shock similar to that which is felt when a rock is struck. Sometimes a great rumbling is heard, like that of a heavy chain running through the hawse pipes, and the vessel quivers like a leaf in the wind. At another time, in smooth water, a vessel has been known to heel over suddenly, as if she had run on a sand bank.

Before this part of the ocean was as thoroughly sounded and surveyed as it is now these phenomena were attributed to the presence of unmarked sand banks and rocky shoals, and the old charts were marked accordingly. But it must have astonished the mariner somewhat to find that he got no soundings with his deep sea lead immediately after experiencing one of these shocks.

It is now generally believed that submarine earthquakes are the true cause of these convulsions.—Youth's Companion.

A FIRE HOUSE ROMANCE.

The Old Horse Did His Part, but the Old Chief Weakened.

Not long ago a fire horse was brought in from the farm, a horse thirty-six years old, that had not had a harness on his back for eleven years. This horse used to pull the chief's wagon. He had the faculty of getting under the shafts quicker than ever any horse did that stood on four feet. He never made a mistake, never a false move. By the time the driver was in the wagon the horse was ready to go, and when he went he went on the high speed. So behold the old horse brought in from the country witnessing again the frills and frivols of the city.

The horse was barefooted, his mane, tail and fetlocks grown out long and shaggy. The fire laddies went to work cleaning him up with loving caress. The old red wagon of the chief was brought out. The shafts were lifted in the air with the harness hanging. The horse was standing, loose, 200 feet away.

At a signal the gong was sounded, and like a flash of light the old veteran leaped for the shafts. A fireman snapped the harness into place. The old fire chief watched the whole performance, intending to spring into the wagon, provided the horse had not forgotten his cue.

The horse knew how to do it; but, alas, the venerable chief, now grown gray, merely stumbled and tumbled forward, threw his arms around the old horse's neck, burst into tears and cried like a baby.—Blacksmith and Wheelwright.

Not So Far Wrong, After All.

Maid Marion, approaching her fourth birthday, has an imaginary world of her own, in which the principal personage seems to be Mary, her oldest child. For some weeks she talked also of a "Mr. Mary," but a few days ago she announced that "Mr. Mary" had "died on the consumptions." A few evenings later when she was telling her father of some of Mary's exploits he asked her what had become of "Mr. Mary."

"Oh, he died," and her golden curls shook very sadly.

"Why did he die?"

"Well, you see, Mr. Mary was my husband, and one day I asked him for some money, and he died."

"I fancy her conception of matrimony is not so far wrong at that," remarked her mother, who was listening to the conversation.—Indianapolis News.

The Apple.

Scandinavian legends affirm that the apple was the favorite food of the gods. It was one of the first fruits grown by the Romans; it was early introduced into England and brought from there to America. It is easily cultivated, bears fruit farther north than almost any other, and by means of grafting almost 2,600 varieties have been produced. These facts show in part why the apple stands at the head of all fruits.—Women's Home Companion.

What They Stole.

To Walter Damrosch at the end of one of his concerts at Aeolian hall, in New York, an admirer showed a piece of music that had been palpably plagiarized from one of the numbers in "The Dove of Peace."

But Mr. Damrosch took the plagiarist with good humor.

"They've only stolen a march on me," he said.

Had Her Guessing.

Landlady (letting room)—Of course I expect the rent punctually every week. New Lodger—Just so, madam. My rule is either punctually or not at all.—Boston Transcript.

A moment's patience is ten years' comfort.—Greek Proverb.

DISPUTE OVER COW MAY BE SETTLED IN COURTS

Farmers at Dow, Ill., Get Into Controversy Because Purchaser Nuzzes Animal Back to Life.

St. Louis, March 12.—A country-side version of the "Merchant of Venice," with a cow in the role of Antonio, still lacks a Daniel to decide a controversy which has arisen between Paul Wiegand and James Hawkins, neighboring farmers and former friends, who live near Dow, Ill., five miles south of Jerseyville.

Some weeks ago Wiegand noticed that his cow was indisposed, and became afraid that she was about to die. Hoping to avoid a total loss, he sold the animal's hide to Hawkins for \$7.50. Hawkins was to take the animal to his farm and kill it, and Wiegand was to get the carcass to feed to his hogs.

But the cow, seemed brighter in spirit in her new home, began to perk up, so that Hawkins was convinced that she would not die after all. He doctored the animal, with the result that she recovered, and a few days ago displayed her gratitude by giving birth to a bouncing calf.

Wiegand immediately appeared and demanded that the cow, with her calf, be returned to him.

"I sold you only her hide," he said to his neighbor. "All the rest belongs to me."

"I bought the skin, and all that's inside goes to me," retorted Hawkins.

Wiegand told Hawkins to take the hide if he wished it, but warned him like Portia, not to shed a drop of blood or to damage the cow's health in removing the pelt. Hawkins replied to the effect that these conditions were not maintained in the bond.

To a demand that he return the \$7.50 paid him, Wiegand responded that Hawkins broke the bargain by nursing the cow back to health.

Hawkins refused to surrender the cow and calf, which he says he is holding as a security for his investment in the former's pelt. Each has threatened the other with an appeal to the courts for a settlement of the tangle.

When Burton Holmes recently gave his celebrated travelogue on "Panama" at Orchestra hall, Chicago, he was seriously interrupted by continual coughing of the audience. No one annoys willingly and if people with coughs, colds, hoarseness and tickling in throat would use Foley's Honey and Tar Compound, they could quickly cure their coughs and colds and avoid this annoyance. City Drug Store—J. A. Obermeyer.

AMOMA BIBLE CLASS.

The Amoma Bible class of the First Baptist church will hold a quarterly business meeting and supper Friday, March 14, at 6:30. All members are urged to be present.

We have picked certain dealers to sell Zephyr Flour, because each has a reputation for handling only the best

Zephyr Flour has won a reputation in thousands of homes for the lighter, whiter bread it bakes, the flakier biscuit, the more tender cake it makes. To protect this reputation we have made it an ironclad rule to place the agency for this flour with those dealers only who handle the highest quality of food products.

Zephyr Flour

is made from the best of Kansas hard wheat. This wheat is rich in food value.

We wash it and grind it with the greatest care to preserve this goodness. We sell it with a flat guarantee to give satisfaction or money back. Every Zephyr Flour dealer is instructed to refund the purchase price on request.

Our chemist's certificate is in each sack of Zephyr Flour—thus assuring that both the wheat and flour have passed our rigid quality test and that every sack is uniform. Should you be dissatisfied, the certificate is good for a free sack.

MORTUARY

Chrisman.

Mrs. Anna Graves Chrisman, aged 76 years, died Wednesday morning at 2:15 o'clock at her residence nine miles west of the city, after an illness with heart trouble, and for the past twelve weeks she had been confined to her bed.

Mrs. Chrisman was born in Indiana and was married to the late John Chrisman fifty years ago. She is survived by the following children: Mrs. Emma Richard of Beardstown, Mrs. Sallie Smith and Mrs. Mattie Renner of Vermont, Miss Hannah, Louis and John Newton Chrisman, at home. She is also survived by one brother, Elisha Chrisman, twelve grandchildren and two great grandchildren. Mrs. Chrisman was a member of the Chapin Christian church and a woman admired by a host of friends.

Funeral services will be held Friday afternoon at 2 o'clock at the late residence in charge of Rev. Mr. Hougham, pastor of the Chapin Christian church. Interment will be made in the Lewis cemetery.

TO THE PUBLIC.

I BEG TO EXPRESS MY MANY THANKS FOR YOUR PRESENCE AT OUR OPENING YESTERDAY AND ALSO ASK YOUR PARDON FOR ANY INATTENTION ON OUR PART OWING TO THE UNUSUAL LARGE ATTENDANCE.

J. HERMAN.

PASTOR'S AID MEETS.

Wednesday afternoon the pastor's aid society of the First Baptist church held its regular meeting in the parlors of the church with a good attendance of members present and Mrs. T. O. Hardesty, the vice-president, in the chair. Plans were made for the Easter market and also for the men's banquet which will be held at the Y. M. C. A., and all of the members felt that they had attended a very profitable meeting.

THE LONESOME PINE.

Read the Trail of the Lonesome Pine, then see the play. Armstrong Book Store.

CHICKEN THIEVES

After being called to the residence of E. E. Cohagen, 222 Hardin avenue, Tuesday night about 10 o'clock, the police found thirteen chickens, all tied together, in a barn, where they had been left by some persons who were frightened by Mrs. Cohagen. Mrs. Cohagen was awakened by a noise and thinking that chicken thieves were abroad she seized a gun and fired in the direction of the noise and called the police. After a search the police found the chickens and not being able to locate the owner, took them to the station, where they are being kept until claimed by the owner.

AT THE GRAND TONIGHT. In addition to the high class motion picture program at the Grand tonight, Manager Hunt offers an act by the Conway Sisters, singers, classical dancers and fencing novelty.

COMMITTEE REPORTS

FIVE REFORM BILLS. Albany, N. Y., March 12.—The senate codes committee tonight voted to report favorably five of the Stock Exchange reform bills introduced by Senator Stillwell at the suggestion of Governor Sulzer. The bills reported propose amendments to the Penal law as follows: Prohibiting the operation of bucket shop and the making of "wash" or "margin" sales of stocks; making it a felony to manipulate securities and conspiring in movements as to deceive the public as to stocks or bonds; that any transactions by brokers after insolvency and the hypothecation of customers' securities shall constitute a felony; reporting or publishing fictitious transactions in securities with intent to deceive, shall be felony; making of false statements or advertisements as to securities or financial condition of a corporation, company or association, shall constitute a felony.

BOY BANDITS SURRENDER.

Elgin, Ill., March 12.—Five Elgin boy bandits lost their nerve last night after a robbery of a general store in Dundee, five miles north of here and surrendered without a struggle. The man robbed was William L. Rawn, son of the mayor of East Dundee. Each of the boy bandits carried a revolver.

ADRIANOPLE IS EXPECTED TO FALL BEFORE WEEK ENDS

It is Thought That End of Present Week Will See Some Change at Besieged Fortress.

London, March 12.—News from Adrianople, the invested Turkish fortress, is meagre, but despatches from Constantinople say it is believed there that the end of the present week will see either the capitulation of the fortress or a desperate attempt by Shukri Pasha to break through the lines of the enemy.

There is little doubt that before European diplomacy can get to work on the problem of mediation Adrianople will be in possession of the allies.

It is reported that the entire Turkish fleet of eighteen units has been repaired and is concentrated at Naghara, in the Dardanelles.

It is confirmed that Austria will disband only about 35,000 reservists in Galicia.

Delivered Tomorrow.

Sofia, March 12.—The reply of the allies to the offer of mediation by the powers will not be delivered until Friday. One of the members of the Balkan league has asked that certain modifications be made in the draft.

Fighting at Bulair.

Constantinople, March 12.—Serious fighting has been in progress along the Bulair front since yesterday. The Turkish fleet is co-operating with the troops.

Bombards Durazzo.

Belgrade, arch 12.—The Turkish cruiser Hamidieh bombarded the port of Durazzo at noon today, although it is an unfortified place. The cruiser then proceeded to San Giovanni di Meda which it also bombarded. It is not known whether any damage was inflicted. The Hamidieh disappeared finally in the direction of the Italian coast. Her activity causes alarm here, as a large number of Servian troops are now being transported to the Adriatic to assist the Montenegrins in the attack on Scutari.

METHODIST PREACHER IS

GUILTY OF BURNING CHILDREN

Convicted and Sentenced to Death For Burning Three of His Own Children and Attempting to Burn Two Others.

Fort Smith, Ark., March 12.—Rev. Marion Capps, a Methodist preacher, was convicted and sentenced to death by a jury in the circuit court here tonight, on the charge of having burned to death his three motherless children. The defendant appeared unconcerned with the verdict was read.

Capps was charged with having tied his five children to an oil soaked bed to which he set fire. Two of the children perished in the flames while a third died after escaping from the house. A daughter, Bertha, aged 15, and a son, Ellis, aged 14 years, who recovered from the injuries, testified against their father.

They said that when they were awakened by the fire they found that they had been tied to their beds. They were forced to wait until the flames burned the rope before they could escape, they said. The girl testified that her father was leaving the room just as she awoke and that he locked the door after him.

FIRST RECOGNITION OF ANNEXATION QUESTION.

Havana, March 12.—The first official recognition of the agitation of the question of annexation to the United States of the Isle of Pines was given today when the department of state forwarded to the department of the interior various reports concerning annexation activities in the island in spite of agitation now going on in the United States. The state department recommends that annexation meetings be suppressed and that American residents in the Isle of Pines displaying the American flag be compelled to fly the Cuban colors also.

At a meeting of the Patriotic league and affiliated bodies here tonight, the president, Salvador Cizneros, known also as the Marquis Santa Lucia, proposed an agitation for the elimination of the Platt amendment from the Cuban constitution. Resolutions denouncing the amendment created frenzied applause and all present pledged themselves to strive "to free Cuba from this foreign incubus."

SAVED FROM KNOCKOUT.

Peoria, Ill., March 12.—Jack Loomis of Peoria was saved from a knockout tonight in the first part of the tenth round of a scheduled ten round go with Tommy Tague of Chicago when Referee Ryan interfered and called the bout off.

In the preliminaries Young Schumaker of Peoria had the best of a ten round bout with Jimmy Burns of Rockford.

Young Senale of Moline bested Dick Hammer of Chicago in ten rounds.

REBELS PILLAGE TOWN.

San Juan Del Sur, Nicaragua, March 12.—A band of revolutionists numbering forty stole a train recently and proceeded to the town of Lapaz and Nagarote near Leon which they captured and occupied for a time. They pillaged the local treasury but refrained on the approach of government forces.

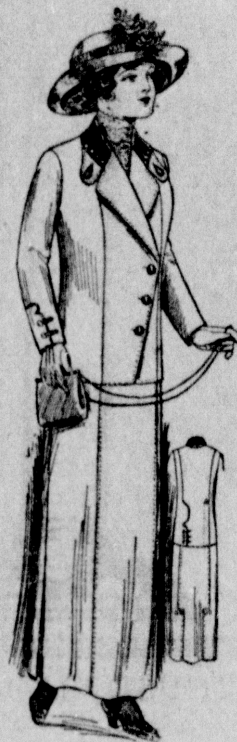

TO MEET IN DECATUR.

Springfield, Ill., March 12.—The executive committee of the Illinois State Press association, decided to hold the annual meeting of the association this year in Decatur. The date of the meeting was not announced.

POPE CONTINUES TO IMPROVE.

Rome, March 12.—Pope Pius continues to improve in health slowly but steadily. The pontiff now takes regular nourishment.

Featuring Easter Garments

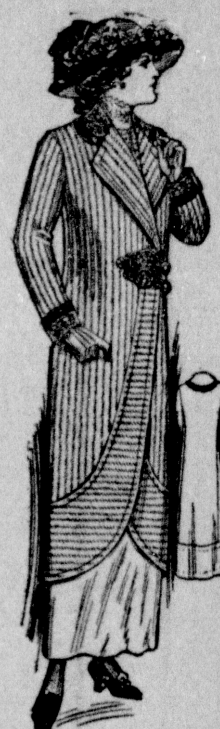

At this season of the year nature begins her annual change from the garments of winter to the fluffy fairy robes of spring, and we follow her example, so that now we feature the bright new things that will be worn by the women of style.

It's all waiting for you to come down and examine, to compare, to criticize, yours to buy, if you feel in the mood.

May we expect you?

SAFEST PLACE TO TRADE

Nervous Breakdown Threatened

Men, women, and children—in all walks of life—suffer at some time or other, or are threatened with nervous breakdown.

They lose their appetite, become weak and anemic, lose all energy, the nerves become shattered and are easily irritated—this condition finally results in complete collapse.

The first and correct thing to do is, start on

Nyal's Celery Nervine

and don't lose any time in doing it—it means complete restoration of ALL your health and energy.

Nyal's Celery Nervine acts directly on the base of the disorder—the nerve centers and the blood. It soothes and quiets the irritated nerves and strengthens the blood supply—with both these back to normal your permanent health is assured.

Remember the name—**NYAL'S CELERY NERVINE**

The price is \$1.00 the bottle.

We expect to be here in business a good many years. The only way we can do it is by treating everybody right. That's our policy.

FLORETH'S MILLINERY DEPARTMENT Ready for Your Easter Hat

The millinery this season is marked by extreme variety of style. The small hat predominates and the Oriental and Bulgarian colorings lend a touch of brightness and beauty to the general styles when correctly and artistically used. Copied pattern hats are here from the leading Paris and New York designers, as well as hundreds of models from our own workroom that will vie with the imported ideas for favor.

Come This Week and Select Your Easter Hat to Avoid Next Week's Rush.

MEASLES IN ST. LOUIS.

St. Louis, Mo., March 12.—Since the outbreak of the measles epidemic here in December, 7144 cases have been reported to the health department and 44 deaths have occurred, according to assistant health commissioner.

PET BULL DOG PULLS SMALL BOY UNDER WHEELS OF STREET CAR

Body of Lad is Lodged in Trucks of Car Forty-Five minutes Before Wrecking Crew Extracted It.

Chicago, March 12.—"Oh, me is stronger than Buddy," proudly proclaimed Ralph Nelson, a six year old boy tonight as he tugged at the lead chain of his pet bulldog while the two walked along the street.

A moment later "Buddy," pulling with all his strength, dragged the lad in front of a street car and he was killed.

The dog growling viciously refused for a time to permit anyone to approach his dead master's body.

The body was lodged in the front trucks of the car for more than forty-five minutes until a wrecking crew arrived and extracted it.

Passengers threatened the motor-man and conductor with the result that police guarded them with drawn revolvers. Both men were detained pending a coroner's inquest.

EXPELLED FROM BOARD OF TRADE.

Former President of Chicago Exchange is Found Guilty of Charge Irregular Trading and is Expelled.

Chicago, March 12.—Frank M. Bunch, former president of the Chicago board of trade, tonight was found guilty by the board of directors of the charge of irregular trading and expelled from the organization.

The vote is said to have been almost unanimous for his dismissal. The trial created one of the biggest sensations of recent years in LaSalle street.

John Hill, Jr., brought charges of "cross-trading" or "bucket-shopping" and of "pinching" or "skinning" trades. The directors held he was not guilty of cross-trading but that he was guilty of taking trades for his own account or his firm's account.

FIREMEN COMPLAIN OF CONDITIONS.

New York, March 12.—Complaints of excessive periods of labor, weakness from lack of food increase of work, exhaustion from overheat, blistered hands, scorched clothing and added responsibility were made by railroad firemen to day as witnesses before the arbitration board which, under the Erdman act is seeking to settle the firemen's demands on fifty four eastern roads, for better pay and extra firemen on large locomotives.

QUIET IS RESTORED.

Akron, O., March 12.—With one thousand "citizen police" patrolling the streets today and tonight, but few demonstrations or disturbances were started by striking rubber workers and those were quickly suppressed.

Several rubber factory employees on their way home from work were stoned and badly bruised by strikers.

MATRIMONIAL

Kruse-Leber.

Miss Marie O. Kruse of this city and Walter S. Leber of Lamar, Mo., were united in marriage Tuesday evening by Rev. J. G. Kuppler at his residence on East College street. The bride is the daughter of Henry Kruse of 620 East Independence avenue and the groom is the owner of a farm near Lamar. They left immediately after the ceremony for Lamar, where they will reside.

Sprague-Sorrells.

Arthur Sprague and Miss Ida Sorrells, both of Roodhouse, were married Wednesday afternoon by Rev. W. L. Dorgan, pastor of the First Baptist church, at the parsonage. Mr. and Mrs. Sprague will reside in Roodhouse.

Robinson Springs water will be used by all women when they know its value to them.

SOCIAL EVENTS

Mrs. O. M. Petefish entertained the members of the ladies aid society of the Methodist church at her home in Litterberry Wednesday afternoon. After the regular business of the society had been transacted the following four new members were taken in: Mrs. Noah Braner, Mrs. Newton Braner, Mrs. George Burmeister and Miss Elizabeth Patterson. Several contests were held and first prizes were awarded to Mrs. J. C. McFillen and Mrs. Earl Rexroat and second prizes to Mrs. Al Dunlap and Miss Ethel Sorrells. At the close of a very delightful afternoon delicious refreshments were served.

Just received a fine line of Belle Mead Sweets at Coover & Shreve's East Side drug store.

SPEAKER FROM CHICAGO
Secretary Fritchey has made arrangements for a representative of the Chicago Chamber of Commerce to be the principal speaker at the initial noon day luncheon to be held probably Monday.

LOCATE ONE OF LEADERS OF ARSON TRUST

Man's Found in Canton, China, After Long Search By Insurance Patrol Officers.
Chicago, March 12.—David Korshak, who is under indictment here as one of the leaders in the arson "trust," is said to have been located by insurance patrol officers in Canton, China. His re-arrest and extradition have been asked of the state department in Washington. The search for Korshak has been a long one. He escaped from Chicago in the fall of 1911 after giving a \$25,000 bond and was traced to England and Hong Kong. This followed his capture in Vancouver, B. C., to which city he fled after previously jumping a bond here.

BAD FOR MONEY MARKETS.
San Francisco, March 12.—"Unscrupulous" operations are bad for money markets, according to former United States Attorney General George W. Wickersham who arrived here tonight with a party of friends. Mr. Wickersham ascribes present financial ills to uncertainty over the method of dissolving the Harriman rail merger and doubt over the effect of throwing \$126,000,000 worth of stock on the market.

"The drop in the shares seemingly makes it necessary to devise another method of disposing of the stock and a new plan to effect the dissolution," he said.

Mr. Wickersham will sail for the Orient in a few days.

MOTION PICTURE OPERATOR KILLED
Philadelphia, March 12.—Investigation of the sudden stopping of a moving picture as it was being thrown on the screen in a theater here today resulted in the discovery that the operator, Frederick Schmidstetter had been killed by coming into contact with the electric wire which furnished the light for projecting the picture.

DYNAMITE BANK VAULT.
Muskogee, Okla., March 12.—Robbers today dynamited the vault of the State Bank of Tamaha, Okla., secured 4,300 and escaped in a row boat on the Arkansas river.

VOLLEY BALL MEET AT ILLINOIS COLLEGE

Championship Game to Be Played This Evening—Faculty Will Enter a Team.

Volley ball held the boards at the Illinois college gymnasium yesterday and the contests will be concluded tonight when the championship contest is pulled off.

Yesterday the Sophomores won from the Juniors in straight games the scores being 21 to 16 and 21 to 17. Members of Sophomore team, Jaccard, Berry, Bracewell, Cline and Stewart. Juniors: Dugger, Hatfield Spruit, Stotlar and Russel.

The lower Academy classes won from the Senior Academy class 21 to 12 and 21 to 3. The Seniors forfeited their game to the Freshmen.

Games Today.
The Sophomores will play the Freshmen and the Academy the Faculty. The winners of these two games meet in the championship contest. A team picked from all the competing teams will probably play a team of Business Men in the College gymnasium tonight.

The faculty team held secret practice in the gym last night. Although members of the faculty team are not so spry as the young students with whom they will compete, nevertheless, they expect to spring a few surprises in the games this afternoon.

The faculty line-up is to be chosen from the following: Whisler, Wilday, Tanner, Ames, Clark, Rammelkamp Harmon, Leavitt and Jensen. Dean Hayden will be leader of the faculty rosters.

VOTE IS CANVASED

South Jacksonville Board Held Short Session.

A short session of the village Board of South Jacksonville was held Wednesday night at which time the canvass was made of the recent primary election and the results were found to be the same as printed in Tuesday morning's Journal.

All the members were present last night except Trustee Cannon. The street and alley committee made a report that some of the streets had been dragged. Spencer Taylor was also given the privilege of connecting the main outlet of the street.

A petition for a sidewalk on Jones' avenue (South East Street) was asked for and the same was referred to the street and alley committee, who will make an investigation and report at the next meeting April 2.

"RUBE" MARQUARD SIGNS UP.

San Francisco, March 12.—Just after he had been married to "Blossom Seeley," a vaudeville actress, who has been his partner on the stage, he gave his word to "Dick" Kinsella, scout for the New York Nationals that he would sign as pitcher for the Giants for the coming season.
